OCTOBER 2011

Welcome to the 2011-2012 Empire Amateur Hockey Conference season.

Changes from last season's rules and regulations have been typed in bold letters for your convenience. Please note that as a member of the Empire Amateur Hockey Conference it is your responsibility to know and abide by the rules in this guidebook. The guidebook information is also on our website at www.empirehockey.org.

Two significant rule changes for EAHC this season are in the category of substitute players. We have eliminated the provision which allowed girls on travel teams to play as subs in our league. No travel players may sub into the league. We have added permission for goalie subs from the same level of play and organization, such as Pee wee A to Pee wee A, with commissioner approval. This change will make it easier for teams to find goalie subs.

Be sure to familiarize yourself with changes in USA Hockey rules for this season, such as elimination of body checking in Pee wees and the addition of tag-up off-sides for Bantams and Midgets.

This is the first year for our Red White Blue division, which replaces the full-ice Mite B play. Empire Hockey has worked hard to establish a framework of rules for game play for this division. Our goals are to provide a cross ice game experience for these players, while keeping the fun in the game, by maximizing ice time, not keeping score, and encouraging flexibility on the part of the organizations, who may bring players from more than one roster to a game. Your Red White Blue Commissioners are your resource for questions and feedback.

This season we will continue to support on-line referee evaluations via our website at www.empirehockey.org. It is the responsibility of the Head Coach to make sure an evaluation form is filed for all games. Just go to the "[Coaches Corner](#)" page and click the link for "[On-Line Referee Evaluation Form.](#)" This system allows the Conference and the Rochester Ice Hockey Officials Association to view your game evaluations in a timely fashion. This gives us the opportunity to deal with any problems or issues that arise while they are still fresh in everyone's mind.

Good luck to all the teams this season and thank you for volunteering your time working with this league, your organization, and your players.

Sincerely,
Roger Salmons
President

EMPIRE AMATEUR HOCKEY CONFERENCE RULES and REGULATIONS

The current USA HOCKEY and NEW YORK STATE AMATEUR HOCKEY ASSOCIATION rules and regulations shall govern all play in the EMPIRE AMATEUR HOCKEY CONFERENCE (herein after referred to as the Conference or EAHC). Any challenge or protest to these rules shall be directed to the West Section President.

2011-2012 Rule updates are noted in bold text

SECTION I - ADMINISTRATIVE

A. Player Eligibility

1. All area youth hockey players are eligible to play in the Conference except those players participating on any Tier III or above Travel or Select hockey team for the current season (example: August 1 through completion of Conference Championship Games). A player with any prep school, college or junior experience has to petition the EAHC Board for acceptance into the Midget A division. Any exceptions except those noted below are subject to approval by the Empire Amateur Hockey Conference Board of Directors.
 - a) Any player (skater or goalie) rostered on a Conference Team may play ten (10) games TOTAL (includes any USA Hockey Sanctioned game with referees and a score sheet) for a Tier III or above Travel Team (**including Girls Travel**) and/or Select Team. Once a player rostered on a Conference Team plays in their eleventh (11th) game for a Travel and/or Select Team, they shall forfeit their Conference eligibility and subject their Conference Team to penalties associated with use of an illegal player. **Note that the definition of "play" is being listed on the score sheet for the game.**
 - b) ~~Any girl playing on an All Girls Team which plays in an All Girls League is not subject to the ten (10) game rule and may play an unlimited number of games for their All Girls Team.~~ **REMOVED (starting in the 2011-12 season)**
 - c) Provisional Rule Change for Midget only – Players who have participated in eleven (11) or more Tier III or above games at the Midget level may petition the Conference for assignment to a team provided they meet the following qualifications:
 - They are not playing or rostered or participating as an alternate on any other USA Hockey team.
 - They are not playing or rostered or participating as an alternate on any High School or JV team.

The petition shall include:

- Details of the player's current situation
- The roster of the player's last team
- The contact information of the player's last coach
- The player's preference of Association (1st choice, 2nd choice, 3rd choice, etc.)

Upon approval of the petition the Conference shall assign the player to any Association or team within the Conference to preserve competitive balance. No single team shall have more than two (2) approved player

exceptions (by petition) to the eleven (11) game limit on their roster. If the player refuses the assignment to an Association or team they may not re-apply until the following season.

- d) When considering requests the player shall have been to a tryout and been cut by his/her JV or Varsity team.
2. A player shall be rostered on only one (1) Conference team within a single member organization.
 - a) It is not unlawful for a player to participate on more than one (1) team by being registered in more than one (1) member organization.
3. "Select Teams" and "Travel Teams" are not eligible to participate in the Conference. The definition of a "Select Team" or "Travel Team" is a team that has had try-outs and one from which players may be "cut" based on ability. A "House Team" is defined as the teams in an organization in which players are evaluated for playing ability and there are no players "cut" from the organization based on ability.
4. Age classifications set by USA HOCKEY shall be strictly adhered to.
5. Any team official or member of the Conference may challenge a player's age. Having done so the player has one (1) week (seven days) to provide proof of age to the respective Division Commissioner. If after one (1) week, proof of age has not been established, the challenged player shall be suspended and shall remain so until proof of age has been established.
6. High School players are eligible to play in the conference as long as they meet the eligibility rules in the above sections.

B. Conference Waiver Policy

A USA HOCKEY registered player shall play within the outlined age classifications. Younger players may "play up" if skill is such that it is deemed appropriate. "Playing down" is not allowed by USA Hockey. USA Hockey can grant a waiver for a medical condition that is documented only by a physician. The USA Hockey waiver allows a player to play down one level and is not granted for player size reasons; only for a valid medical condition. Players with USA Hockey medical waivers for a season may play down in Conference games/playoffs and shall not participate on any High School, JV, travel or select team. The Conference's acceptance of the USA Hockey medical waiver does not guarantee or grant rights for the player to participate in Tournaments or scrimmages. The Organization's Conference Representative shall declare players who are "playing down" with a USA Hockey medical waiver to the Division Commissioner and the Conference Board.

C. Determination of Team Levels

1. When ten (10) or more teams are registered for a division the division shall be split into "A" and "B" levels (Exception – if a Division registers less than ten teams in the previous year, the Division shall not be split into A & B and if a member organization has more than one team, the players should be divided equally).
2. When a member organization registers only one (1) team in a division, the member organization shall decide at what level that team shall play, dependent on the competitive level of the players on that particular team.

3. When a member organization registers two (2) or more teams in a division, one half or greater shall be registered at the A level.
 - a) An organization must submit a written letter of explanation with supporting documentation, or e-mail, to the Conference Secretary by September 30th of the current year; to register more team(s) at the “B” level than at the “A” level if they determine that is where the skill level exists for said team(s). Level shall be determined by Board approval.
4. The Conference and its Division Commissioner shall correct competitive imbalances among teams.

D. Conference Liability

1. In the event of any injuries, the Empire Amateur Hockey Conference shall be held “Save Harmless”. Each participating member organization and/or player shall carry his or her own insurance.

SECTION II - PARTICIPATING TEAM ROSTERS

- A. The EAHC Team Roster form shall be submitted to the Division Commissioner at the October scheduling meeting. Players (Peewee B Division and above) are required to sign the Empire Team Roster. Failure to obtain a certified/stamped USA Hockey Team Roster may result in the team becoming ineligible for playoffs and/or a fine. The Division Commissioner shall in turn make copies available to the Conference Secretary. The USA Hockey roster is the official team roster for the rest of the Conference season and throughout the Conference Playoffs and Championships. Signatures on the EAHC Team Roster shall continue to be utilized for player verification at the Peewee B level and above as signatures on the USA Hockey Team Roster are no longer required by the Conference.
 2. Any questions or challenges to a team roster shall be directed to the appropriate Division Commissioner for resolution.
 3. The minimum number of players on a team roster shall be eleven (11). EAHC does not recommend forming teams this small and strongly suggests minimum rosters be 13 players for Mites/Squirts, 15 players for Peewee/Bantam & 17 players for Midgets when possible.
 - a) The maximum number of players on a USA Hockey roster is twenty (20) with no more than eighteen (18) skaters and the remainder goalies.
- B. Player Movement – (addition/subtraction from team roster):
 1. When any player is added or subtracted from a team’s roster, the Division Commissioner shall receive a player movement request.

Receipt of official documentation (EAHC Team Roster with complete player information including player's signature if applicable) shall be received from the requesting team official within one (1) week after verbal/email notification to the Division Commissioner. Failure to supply an updated EAHC Team Roster shall result in forfeiture of the game(s) involving the player(s) in question.
 - b) If the Division Commissioner determines that a serious imbalance exists in his/her division, he or she shall convene a meeting of the commissioners to ascertain whether team(s)/player(s) shall be re-assigned between divisions. Movements within associations shall be made effective no later than December 31st of each year.
2. If a Division Commissioner determines that a competitive imbalance still exists after December 31, the team in question may have its Conference Playoff eligibility revoked.

 - a) The appearance of the player's name on the score sheet without the clear statement that he or she is sitting out a suspension shall be conclusive evidence that the player did in fact play in the game.

 2. Throat/neck protection guards are **REQUIRED** for all levels of play. Players will be asked to leave the ice until the proper equipment is obtained.
- J. EAHC Aggressive Play Policy:
 1. Purpose: This policy is intended to provide additional support to the USA Hockey, NYSAHA and EAHC playing rules, regulations and points of emphasis and not necessarily intended to impose supplementary discipline. This policy is intended to draw attention to the dangerous and/or reckless behavior of participants and will hopefully result in modifications to such behavior so that additional supplementary discipline and suspensions are not necessary. This policy is directed at both players and team officials.
 2. Definitions: For the purpose of the policy, the following shall be defined as an "Aggressive Play Penalty":
 - a) Any Major Penalty including those that result in a Game and/or Match Penalty. Note that Game Misconducts or Match Penalties that are NOT the result of a Major Penalty are NOT considered Aggressive Play Penalties.

- b) Minor Penalties imposed for checking from behind, boarding, charging.
- c) Any penalty (minor, major or misconduct) that the referee states to the scorekeeper or writes up as “intent to injure” or “head contact” shall also count as an Aggressive Play Penalty.

3. Implementation:

- a) Players or Coaches shall only be charged for one (1) Aggressive Play penalty per incident. Any incident is defined as the penalties written up with the same clock time. For example, a Major Check from Behind plus a Game Misconduct that the referee writes up as “intent to injure” would only result in one (1) Aggressive Play Penalty as all penalties were imposed with the same clock time.
- b) Game suspensions imposed for violating the Aggressive Play Policy are not to be counted as Game Misconducts.
- c) Head Coaches are defined as the Coach who signs as the Head Coach for that Game. Note that Head Coaches, if present and not suspended, shall sign the score sheet as Head Coach or face a Conference Hearing under supplemental discipline. Any rostered Head Coach who is not present for a game due to personal conflict or game suspension shall have any Aggressive Play penalties accrue against his totals for Aggressive Play penalties

4. Players:

- a) Any player who incurs five (5) aggressive play penalties during EAHC games in any season in any combination shall, following the fifth such penalty, be suspended for two (2) games (to be served in Conference/playoff games) in addition to any other suspensions that are incurred for the infractions.
- b) Upon the sixth (and higher) penalty the player shall be suspended **one** additional EAHC game and required to appear before the EAHC Disciplinary Committee. This hearing shall occur within a time frame not to exceed thirty (30) days from the sixth (or higher) infraction. The purpose of this hearing is to review (with the player and Head Coach as well as the parents of the player) the penalties that have occurred and the concern that this raises with the Conference.
- c) Every additional aggressive play penalty (7th, 8th) received thereafter shall result in an automatic additional game suspension.

5. Head Coach:

- a) A Head Coach shall be required to submit a letter to the Conference president, if his or her team has incurred seven (7) or more aggressive play penalties over any four game period. The Head Coach shall be expected to explain the steps that they are taking to curtail this behavior. If not satisfactory to the EAHC President, then a hearing shall be called before the EAHC Disciplinary Committee.

- b) The Head Coach of the team for each player who appears before the EAHC Disciplinary Committee under this policy **shall** also be required to appear with the player. The Head Coach **shall** be expected to explain the steps that he or she is taking, both with the team and with this player, to reduce the incidence of aggressive play penalties. Where circumstances warrant, the EAHC Disciplinary Committee can impose supplementary discipline on the Head Coach and/or player.
- c) The Head Coach is responsible for tracking Aggressive Play penalties and ensuring that Conference suspensions are served in the next Conference game. The Commissioner, at his/her discretion, may notify the team officials when a player has amassed the first three or four Aggressive Play penalties. Failure to have players serve their suspensions in the next Conference game **shall** result in forfeiture of games played due to use of an illegal player. Team officials are encouraged to seek advice on their player's status from their Commissioner.

4. All regularly scheduled conference games shall be played as scheduled at the October Scheduling Meeting. Failure to do so may result in forfeiture of the game by the team attempting to make the change (unless agreed to by BOTH Head Coaches and the Division Commissioner).
 - a) Once scheduled, all EAHC games and playoff games hold precedence over any non-Conference or tournament games.
 - b) The Division Commissioner shall maintain a master schedule for their division. This is the schedule that all teams shall follow.
 - c) If the home team needs to make a change to the master schedule; they shall notify the Division Commissioner and visiting team as soon as possible. If a home team does not notify the Division Commissioner and the visiting team, they shall forfeit the game.
 - d) A score sheet shall be turned in for a forfeited game. The Division Commissioner makes the final decision and shall notify both teams.
5. The following rule pertains to what constitutes a "completed game" in case of injured players(s) or other unforeseen circumstances (which are beyond the Conference's control) which delay play of game:

EAHC Red White & Blue Guidelines (New for 2011-12 Season)

For the 2011-12 season, the EAHC Red White & Blue (RWB) Division has been created and will consist of teams which formerly would have played in the Mite B Division and consisted mainly of U8 players in their first year of organized team play. Consistent with NYS Hockey's mandate to have all U8 players participating on Red White & Blue Cross-Ice team by the 2012-13 season, 2011-12 EAHC Red, White & Blue Teams will play Half Ice Games per the Guidelines posted on the Empire website and on every Red White & Blue team's home page. For the 2012-13 season, all EAHC Mite (U8) teams will play as Red White & Blue Cross Ice teams and the full-ice Mite A Division will be eliminated. As 2011-12 is the first season of Red White & Blue Division play, the Guidelines below may be adjusted during the season to enhance the player's enjoyment of the game. Changes will be posted on the Empire website and sent to coaches and managers as they occur.

- 1.) **Teams:** Both Home and Away teams will split their players into two groups. The groups will be matched against opponents; creating two half ice games. With sufficient players, the games will be played as 5 on 5 plus goalie. If there are not enough players, 4 on 4 may be played.
- 2.) **Scheduling:** Teams will be scheduled in the traditional fashion, for example Webster 1 vs. Perinton 1. At games, teams may bring additional RWB players from other RWB team(s) in their organization, to fill the benches. The number of RWB scheduled teams will be determined by the organization which, in most cases, will be equal to the number of RWB USA Hockey rosters. A 14 game season with no playoffs will be scheduled for the RWB Division.
- 3.) **Referees:** There will be 1 referee per game (two referees will be scheduled per game ice sheet). When a penalty is called, the wronged player gets a penalty shot. Face offs are only performed on line changes at the start of both halves. After a goal, frozen puck or at the discretion of the referee, the puck is tossed by the referee into a nearby corner and play resumes.
- 4.) **Timekeeping:** Line changes are made every 1.5 minutes on a buzzer. Home team provides a timekeeper to stop clock every 1.5 minutes. Periods are two 20 minute halves per game. No scorekeeping, no statistics and no standings will be kept.

USA HOCKEY ZERO TOLERANCE POLICY

In an effort to make ice hockey a more desirable and rewarding experience for all participants, USA Hockey instituted a zero tolerance policy beginning with the 1992-93 season. This policy requires all players, coaches, officials, team officials and administrators and parents/spectators to maintain a sportsmanlike and educational atmosphere before, during and after all USA Hockey-sanctioned games. Thus, the following points of emphasis must be implemented by all referees and linesmen:

Players

A minor penalty for unsportsmanlike conduct (zero tolerance) shall be assessed whenever a player:

- 1) Openly disputes or argues any decision by an official.
- 2) Uses obscene or vulgar language at any time, including any swearing, even if it is not directed at a particular person.
- 3) Visually demonstrates any sign of dissatisfaction with an official's decision. Any time that a player persists in any of these actions, they shall be assessed a misconduct penalty. A game misconduct shall result if the player continues such action.

Coaches

A minor penalty for unsportsmanlike conduct (zero tolerance) shall be assessed whenever a coach:

- 1) Openly disputes or argues any decision by an official.
- 2) Uses obscene or vulgar language in a boisterous manner to anyone at any time.
- 3) Visually displays any sign of dissatisfaction with an official's decision including standing on the boards or standing in the bench doorway with the intent of inciting the officials, players or spectators.

Any time that a coach persists in any of these actions, he/she shall be assessed a game misconduct penalty.

Officials

Officials are required to conduct themselves in a businesslike, sportsmanlike, impartial and constructive manner at all times. The actions of an official must be above reproach. Actions such as "baiting" or inciting players or coaches are strictly prohibited. Officials are ambassadors of the game and must always conduct themselves with this responsibility in mind.

Parents/Spectators

The game will be stopped by game officials when parents/spectators displaying inappropriate and disruptive behavior interfere with other spectators or the game. The game officials will identify violators to the coaches for the purpose of removing parents/spectators from the spectator's viewing and game area. Once removed, play will resume. Lost time will not be replaced and violators may be subject to further disciplinary action by the local governing body. This inappropriate and disruptive behavior shall include:

- 1) Use of obscene or vulgar language in a boisterous manner to anyone at any time.
- 2) Taunting of players, coaches, officials or other spectators by means of baiting, ridiculing, threat of physical violence or physical violence.
- 3) Throwing of any object in the spectators viewing area, players bench, penalty box or on ice surface, directed in any manner as to create a safety hazard.

2011-2012 USA HOCKEY ANNUAL GUIDE - Locker Room Supervision

USA Hockey is concerned with locker room activities between minor players; minor players and adult players; adults being alone with individual minor players in locker rooms; and with non-official or non-related adults having unsupervised access to minor participants at sanctioned team events.

It is the policy of USA Hockey and USA Hockey In-Line that all Affiliates, Districts, leagues and local hockey programs have at least one responsible adult present directly monitoring the locker room during all team events to assure that only participants, coaches and players, approved team personnel and family members are permitted in the locker room and to supervise the conduct in the locker room. Any individual meetings with a minor participant and a coach in a locker room shall require a responsible adult be with the coach.

Further, responsible adults must personally monitor the locker room environment at all times while participants are present and also make sure the locker room is appropriately secured during times when minor participants are on the ice.

Teams, leagues and local hockey associations shall also comply with the USA Hockey Co-Ed locker room policy.

USA HOCKEY OFFICIAL PLAYING RULES

Points of Emphasis 2011 through 2013 Seasons

The goal of USA Hockey is to promote a safe and positive playing environment for all participants while continuing to focus on skill development and enjoyment of the sport. All officials, coaches, players, parents, spectators and volunteers are encouraged to observe these "Points of Emphasis" when participating in the sport of ice hockey.

Fair Play and Respect

Fair play and respect are the backbone of any successful amateur sports program. In order for a positive environment to be created, it is imperative that all participants and spectators have respect for all players, coaches, officials, administrators, spectators and the sport of hockey. Hockey is a game demanding high levels of concentration and skill. Taunting or unsportsmanlike conduct directed at opponents or officials will not be tolerated.

Intimidation tactics have no place in ice hockey. These tactics include any contact to the head of the opponent, checking from behind and late avoidable body checks to an opponent who is no longer in possession and control of the puck. Officials are instructed to enforce these rules to a high standard and assess the appropriate penalty when these actions occur. In addition, officials are expected to strictly enforce any avoidable contact occurring after the whistle - including during scrum situations around the goal.

In non-check classifications, legal body contact shall be allowed and players allowed to compete using proper body position skills. However, any deliberate body checks shall be penalized accordingly. If a body check is delivered for the purpose of intimidation, a major penalty should be assessed to the offending player.

In classifications where body checking is allowed, the purpose of the check shall be to separate the opponent from the puck and officials should strictly penalize any illegal actions such as boarding, charging and a late avoidable body check to a player who is no longer in possession and control of the puck.

Players are encouraged to develop a deep sense of respect for all (opponents and officials) while endeavoring to enjoy the sport and improve their playing ability. Each player is encouraged to use proper skill and technique when engaging in any type of body contact.

Coaches are responsible for instructing their players to play the sport in a safe and sportsmanlike manner. To that end, coaches are directed to teach only those skills necessary to allow for proper and legal body contact.

Officials should be diligent and confident when officiating the sport. Each official should enforce the playing rules fairly and respectfully with the safety of the players and the best interest of the game in mind. Players must be held accountable for dangerous and illegal actions with the proper enforcement of the rules at all times.

Spectators are encouraged to support their teams while showing respect for all players, coaches, officials and other spectators.

Standard of Play and Rule Emphasis

USA Hockey will continue to observe the Standard of Play and Rule Emphasis restraining fouls adopted in June 2006. The goal is to reduce restraining infractions in the game, allowing the skill levels of the participants to determine the outcome of a game and to increase participant enjoyment.

In addition, USA Hockey has adopted a Body Checking Standard of Play and Rule Emphasis for immediate implementation at all levels of play. This goal is to enhance player skill development by reducing intimidating infractions designed to punish the opponent. Proper enforcement of this standard will improve the proper skill of legal body contact or legal body contact at all levels of play.

Conclusion

Hockey should be enjoyed by all participants. To that end, all participants and spectators should observe a level of personal behavior that demonstrates respect for all. The USA Hockey Officiating and Coaching Education programs will continue to increase awareness among all officials and coaches with regard to these Points of Emphasis and the Standard of Play and Rule Enforcement.

Standard of Play and Rules Emphasis - Body Checking

Through the standard of rules enforcement, our game will continue to allow the opportunity for improved skill development and a more positive hockey environment for all participants. The mission of USA Hockey is clear; through this new initiative a greater emphasis will be placed on skating, puck possession and the proper use of the body to establish position and legally gain a competitive advantage.

The goal of the enforcement standard is to create an environment that enhances player skill development by reducing intimidating infractions designed to punish the opponent. This standard is designed to improve the proper skill of legal body checking or contact at all levels of play and will not remove the physical component from the game. A hard body check or using body contact/position (non-checking classifications) to gain a competitive advantage over the opponent should not be penalized as long as it is performed within the rules. The focus of the body check should be to separate the opponent from the puck.

The principles of this enforcement standard include the following:

- The purpose of a body check is to separate the opponent from the puck.
- Only the trunk (hips to shoulders) of the body shall be used to deliver a body check.
- The check must be delivered to the trunk (hips to shoulders) and directly from in front or the side of the opponent.
- Players who use their physical skills and/or anticipation and have a positional advantage shall not lose that advantage provided they use their body to check the opponent within the rules.
- Players will be held accountable for acts of an intimidating or dangerous nature.

Enforcement Standard – These penalties are to be called with very strict enforcement.

BODY CHECKING (Non-Checking Classifications)

A player cannot deliver a body check to any player while participating in a non-checking classification.

Examples include:

- Makes deliberate physical contact with an opponent with no effort to legally play the puck.
- Uses overt hip, shoulder or arm contact with the opponent to physically force them off the puck.
- Physically impedes the progress of the opponent with hips, shoulders or torso without establishing legal body contact and having no intent of playing the puck.

BOARDING

A player cannot commit any infraction, including body checking, for the purpose of intimidation or punishment that causes their opponent to go violently or excessively into the boards. Examples include:

- Accelerating through the check to a player who is in a vulnerable position off of the boards that causes them to go violently into the boards.
- Driving an opponent excessively into the boards with no focus on or intent to play the puck.
- Any other infraction (tripping, cross-checking, charging etc.) that causes the opponent to go violently and excessively into the boards.

CHARGING

A player cannot take more than two fast strides or travel an excessive distance to accelerate through a body check for the purpose of punishing the opponent. Examples include:

- Running or jumping into the opponent to deliver a check.
- Accelerating through a check for the purpose of punishing the opponent.
- Skating a great distance for the purpose of delivering a check with excessive force.

CHECKING FROM BEHIND

A player cannot deliver a body check to an opponent directly from behind; or diagonally from behind. The onus is on the player delivering the check to not hit from behind. Examples include:

- Body checking or pushing an opponent from behind directly into the boards, goal frame or in open ice.

HEAD CONTACT

A player cannot contact an opponent in the head, face or neck, including with the stick or any part of the players body or equipment. The onus is on the player delivering the check, regardless as to size differential, to not make contact in the head/neck area of the opponent. Examples include:

- A body check delivered with any part of the body that makes direct contact with the head or neck area.
- The use of the fore arm or hands to deliver a check to the head or neck area of the opponent.

ROUGHING

A player cannot use the hands, stick or extension of the arms to body check an opponent or deliver an avoidable body check to a player who is not in possession and control of the puck. Examples include:

- Intentionally playing the body of an opponent who does not have possession and control of the puck.
- Delivering an avoidable check to a player who has already relinquished control of the puck by a pass or shot. This is oftentimes referred to as “finishing” the check.
- Any avoidable contact after the whistle shall be penalized strictly, including scrum situations around the goal or along the boards. Officials are instructed to assess an additional penalty to those players acting as the aggressor or who instigates any contact after the whistle.

SUMMARY

All USA Hockey members must demonstrate awareness and support for the application, spirit and the respect of the rules in order for continued improvement in the game of hockey. At the same time, it is important to remember that:

- A player is entitled to use proper body position and body contact in all age classifications in order to gain a competitive advantage.
- Players are allowed to compete for body position using their strength and balance in front of the goal or along the boards.
- In classifications where body checking is allowed, the focus of the body check must be to separate the opponent from the puck.

Standard of Play and Rules Emphasis - Restraining Fouls

Through the standard of rules enforcement, our game will continue to allow the opportunity for improved skill development and a more positive hockey environment for all participants. The mission of USA Hockey is clear; through this new initiative a greater emphasis will be placed on skating, puck possession and the proper use of the body to establish position and a competitive advantage.

The goal of the enforcement standard is to reduce restraining infractions in the game and not to remove legal body checking or body contact. A hard body check or using body contact/position (non-checking classifications) to gain a competitive advantage over the opponent should not be penalized as long as it is performed within the rules.

The principles of the continued enforcement standard include the following:

- The use of the stick will be limited to only playing the puck.
- The stick will not be allowed to in any way impede a player’s progress.
- The use of a free hand/arm will not be allowed to grab or impede a player’s progress.
- Players who use their physical skills and/or anticipation and have a positional advantage shall not lose that advantage as a result of illegal acts by the opponent.
- Players will be held accountable for acts of an intimidating or dangerous nature.

Enforcement Standard – These penalties are to be called with very strict enforcement.

HOOKING

A player cannot use his/her stick against an opponent’s body (puck carrier or non-puck carrier) to gain a positional advantage. Examples include:

- Tugs or pulls on the body, arms or hands of the opponent which allows for the space between the players to diminish
- Placing the stick in front of the opponent’s body and locking on – impeding the opponent’s progress or causing a loss of balance.
- Stick on the hand/arm that takes away the ability for the opponent to pass or shoot the puck with a normal amount of force

TRIPPING

A player cannot use his/her stick on the legs or feet of an opponent in a manner that would cause a loss of balance or for them to trip or fall. Examples include:

- Placing the stick in front of the opponent's legs for the purpose of impeding progress, even if on the ice, with no effort to legally play the puck
- Placing the stick between the legs of the opponent (can opener/corkscrew) that causes a loss of balance or impedes the progress of the opponent.

HOLDING

A player cannot wrap his/her arms around an opponent or use a free hand to clutch, grab or hold the stick, jersey or body on the opponent in a manner that impedes their progress. Examples include:

- Wrapping one or both arms around the opponent along the boards in a manner that pins them against the boards and prevents them from playing the puck or skating
- Grabbing the opponent's body, stick or sweater with one or both hands
- Using a free arm/hand to restrain or impede the opponent's progress

INTERFERENCE

A player cannot use his/her body ("pick" or "block") to impede the progress of an opponent with no effort to play the puck, maintain normal foot speed or established skating lane. Examples include:

- Intentionally playing the body of an opponent who does not have possession or possession and control of the puck.
- Using the body to establish a "pick" or "block" that prevents an opponent from being able to chase a puck carrier
- Reducing foot speed or changing an established skating lane for the purpose of impeding an opponent from being able to chase a puck carrier

SLASHING

The use of the stick will be limited to only playing the puck. Any stick contact, as a result of a slashing motion, to the hands/ arms or body of the opponent will be strictly penalized. In addition, hard slashes to the upper portion of the stick (just below the hands) of an opponent, with no attempt to legally play the puck, shall also be penalized.

CONCLUSION

All USA Hockey members must demonstrate awareness and support for the application, spirit and the respect of the rules in order for continued improvement in the game of hockey. At the same time, it is important to remember that:

- A player is entitled to the ice he/she occupies as long as they are able to maintain their own foot speed and body position between opponent and puck
- Players are allowed to compete for body position using their strength and balance in front of the goal or along the boards

Coaches are expected to teach proper skills and hold their players accountable for illegal and dangerous actions, regardless as to whether they are properly penalized, or not.

Parents are expected to support the decisions of the officials and support the coaches in teaching the proper skills in a safe and positive environment.

Officials shall enforce a strict penalty standard according to the guidelines that have been established.

Players are expected to compete within the playing rules.

Administrators are expected to hold players, coaches, officials and parents accountable for their actions in an effort to promote a safe and positive environment for all participants.

All members of USA Hockey share an equal responsibility to ensure the integrity of the game is upheld. The onus to incorporate change is not only on the officials, but also on administrators, coaches, parents and players, as well.
