## **ALL-STARS PARENT/PLAYER COMMITMENT LETTER**

Being involved in All-Stars requires a dedication and commitment beyond that required during the regular season. The All-Star Tournament is intensely competitive and will require a more focused and intense effort to succeed. Consequently, only those players, managers and coaches that truly desire to commit their time and effort to their All-Star team should participate. If you feel that your player is available and willing to participate as an All-Star until completion of tournament play, please read the statement below and indicate his/her willingness to participate by having them sign below. Please indicate your commitment to support your player by also signing below.

We, \_\_\_\_\_, the parent/guardian of \_\_\_\_\_ are committed to letting our son/daughter play in the All-Stars Tournament. *We will have our son/daughter at all practices and games as required until the end of tournament play.* Failure to follow these commitment guidelines may result in my son/daughter being removed from All-Star play at the manager/coaches request and BYS Board of Director's approval.
