

FRAMINGHAM YOUTH LACROSSE

PO Box 3554 – Framingham, MA 01705 - FraminghamYouthLacrosse@gmail.com

The U15 Coaches have heard some unsubstantiated rumors of marijuana and alcohol use by some players prior to practices. Framingham Youth Lacrosse has a zero tolerance for tobacco, drugs and alcohol use by players and coaches prior to, during or after any FYL organized event. While there has been no evidence to date of this happening, we feel it is our responsibility and obligation to notify you as parents. If a coach suspects a player is under the influence of either drugs or alcohol, we expect parents to support our decision to check a player's bag. If a player is found to have tobacco, drugs or alcohol in their possession, parents will be contacted, and asked to immediately remove their player from our field. At that point, our Board of Directors will consider additional disciplinary action.
