

Club Expectations

Soccer is an activity which can help maintain a healthy lifestyle. Soccer embodies physical fitness, athleticism, creativity, teamwork and rewards a dedication to the task.

The travel soccer program at the Kickers Soccer Club is in place to develop young athletes and create an environment where this development is attainable and will result in success through competition. During the early stages of learning the fundamentals and techniques, enjoyment is paramount. The goal is to be competitive in a learning environment and enjoy the success that comes our way because of this development.

Development is the key factor in all coaching sessions, training and game situations. Games are seen as an extension of the training, and the part of soccer that players enjoy most. The objectives for youth sports are geared around improvement, progression and competition. Through continuing development, individuals and teams will aim to achieve success on the field (performance). Player's enjoyment of the game is always the priority as they are challenged to reach beyond their potential.

- The Club will provide a safe, healthy environment for all players to achieve.
- The Club will provide the best possible coaching and support staff and continually provide coach education.
- The Club will provide every opportunity possible for every player to develop.
- The Club will celebrate its member's success stories both on and off the field, highlighting examples of athletic success, academic success and examples of strong character.
- The Club coaches will endeavor to utilize all resources available to create and sustain the developmental environment using guided learning and positive reinforcement as tools.
- The coaching staff will place players in situations where challenges will result in continued development.
- The Club will encourage players to not only fulfill but surpass their potential by embracing the challenges and tasks set for them during training and game situations.
- The Club will provide player evaluations to each Kickers SC player once a year.
