

# Required Boy's Lacrosse Gear

For the regular season, starting in January, all boy's will need to have the league required lacrosse gear which includes Helmet, Shoulder Pads, Arm Pads, Gloves, NFHS legal stick, non-white mouth guard (that attaches to the helmet), athletic cup, and cleats (football cleats are good). The equipment is required to be "Lacrosse Specific Equipment" and the helmet must have NOCSAE certification.

There is no specific brand, model, or price range that is required. The equipment can be "pre owned" if it is legal and in good safety condition. Your coach will be happy to inspect any equipment to let you know if it is safe and legal.

The following stores in the area carry some lacrosse equipment:

- Lacrosse Fanatic - Sacramento (Good selection of gear)
- Play it Again Sports - Stockton (Small selection of beginner gear)
- Big 5 - Stockton (Small selection of beginner gear)
- Dick's Sporting Goods - LIVERMORE (Good selection... Stockton store DOES NOT carry lacrosse)

In addition, equipment is available online. One of the major suppliers is SportStop.com and they offer free shipping on orders of \$100 with no sales tax to California. The following is an example of a well-priced beginner package. It is a step up from the most basic beginner pads and is good for players U13 and under. There were several U13 players that purchased this last year and have been satisfied with the fit and protection:

## STX Stallion 100 Package from SportStop.com:

Complete package with Helmet, Pads, Gloves, and beginner Stick....  
**\$199.45**

Package with Helmet, Pads, and Gloves... **\$180.45**
