RASA'S STUDENT VOLUNTEER PROGRAM

First and foremost – thank you for considering RASA for your volunteer program. You should be aware that there have been a few students that have inquired about helping our organization. We will take all the help we can get - you just might want to make sure that your school official is aware that there might be other students pursuing the same avenue. As far as RASA is concerned, any and all help is greatly appreciated and we are sure that each presentation will be as unique as the student presenting it!!!

However, we want to be sure that you are aware of what will be expected from you. RASA is an organization that requires a lot of work. We want to make sure that you don't have the assumption that you come to the park, help a coach out, do a few small extras and you're set to go. A sample of things that might be required of you is one the second page of this document. RASA's goal is to provide you with an understanding of the many things that are involved in working with a non-profit organization and the importance of volunteers. **Your interests will be taken into consideration when working out your schedule** We understand that you have a 30-hour requirement of volunteer work - that is all that will be asked of you. Any further volunteer work will be strictly up to you, the student.

If, after this brief explanation, you are still interested in pursuing your volunteer school project with RASA, we will be very happy to work with you. Please contact me, Vickie O'Neill (I will be your Mentor in this program). However, any member of the Executive Board we will be happy to answer any questions you might have. We are confident that you will find this to be a learning experience as well as enjoyable. We all enjoy what we do and have made some good friends!! Our goal – we are working for the girls of this community!
