Dear Don:

I regret being unable to be with you tonight to celebrate "The Dream Come True".

My sincerest congratulations to all for the dedication, resourcefulness, determination and energy that marked this project from the beginning.

Glastonbury proves again it is a town with a heart, that can do, and does do the best for its children.

May the "Field of Dreams" be the model that inspires our citizens to undertake yet another volunteer project for our kids, "The Barn" for a teenager activity center.

Congratulations. Good Luck - and "Play Ball!"

A fellow dreamer,

Sonny Googins
