Blue Knights Lacrosse Camp

Mission

The camp strives to teach the game the way it is supposed to be played at an affordable price. Where most camps cost over 400\$, we are less than 200\$. The camp is built upon using effective teaching strategies, building leadership skills, and an exciting atmosphere. By targeting local and regional youth players, the camp provides an opportunity to make new friends, compete at a higher level, and most importantly; having fun!

The Program

A four day mid summer day camp for boy's entering grades K-9, where the campers will learn concepts, skills, strategies, and techniques that will help bring their game to a higher level. The campers will be organized by age, grade, and skill level in order to receive the best instruction and learning environment possible. The camp is based around in-depth positional work, team concepts, and scrimmages. It's an opportunity to get that stick in their hands and have fun before the summer ends and fall sports begin!
