

TRAIN WITH THE BEST

Experience the sport through the eyes of professional players

We aim to provide lacrosse players with an unrivaled learning experience that is both fun and educational. Not only do we have some of the best lacrosse players in the world on staff, but they are also some of the top instructors. We strongly believe that lacrosse deserves specialty attention (training by position), rather than just one coach trying to coach multiple positions; Which is why we offer clinics that zero in on specific elements like face offs, defense, scoring, passing/oddman play, etc... We want to make you the best at your position.

This is a one time series that consists of four training dates. Registered players will be assigned to a professional player at their respective position and will have the ability to learn the specifics of what makes these Pro MLL players successful at the highest level.

DATES: 1/24, 1/31, 2/7, 2/14

TIME: 1PM - 3PM

LOCATION: THE EDGE SPORTS CENTER

COST: \$200
