

9/14/14 Annual Club Meeting @ 7:00pm

Board Attendees: Katie, Karen, David G, Dave I, Mario, Tom, Mike

Katie

Introductions of board members and coaches (around the table)

David G.

340 invitations sent out 144 registered, 10 coaches/staff not yet registered

E-mail will be sent to teams for final registration

Late registrations, late try-outs were discussed

Dave I.

Code of conduct forms need to be filled out

Indoor facility discussion, current lease fees & the possibility of our own lease space

Looking for volunteers, i.e. to pick up turf (weight approx. 16,000 lbs.), paint, get sponsor(s), etc.

Lessor very flexible to work with, i.e. amount of years to lease, etc.

Discussion on getting a company that specializes in finding sponsorship money for us and they receive a % as a fee

Our own space would allow for SSC to be more flexible with more practices, clinics, indoor camps, etc.

Approx. 3 months to get facility ready

SSC will not jump on a facility, unless everyone is on board, we know we could afford & due diligence done

\$6,000 a month for proposed leased space, (\$72,000 a year)

Now seems to be the time to move forward on our own leased space, most of the leg work has been done

A mass e-mail will be sent to all of SSC

Katie

Fees getting higher for MCC & TSE, how do we justify raising registration fees to our club members

It would be a great idea to see the facility with parent's, coaches to gain excitement/commitment

Mario

We would have to do a better job fundraising if we went ahead with our own lease space

SSC does not have an attorney, however we would ask for resources within our members

Katie

School field availability should be available within a week

Coaches have tried to get info from school only to be told to ask club

Club tourney: we will need to think outside the box, going forward, as we do not make a lot of money to just about breakeven

Hard turn out for our tourney for U14-U17, need to get committee going for ideas, for next season

Tom

Mentioned coach's clinic in PA.

World Cup coaches to general coaches like us are there

Looking to do coaches clinic, different types, i.e. white board type clinic

Anybody interested can come watch the High School boy's coaches to get some ideas, let me know

Possible academy for SSC players

Katie

Regarding indoor time, asked Nancy to hold off on releasing schedule until contacting MCC to get more creative with times as the 7:30-9:00 time is an unproductive time

Mid-week of 9/15/14, we should have a better handle w/MCC on time slots, if possible to move latter time(s)

Dave I

Last year of 2 year contract w/ Valenti for uniforms

Katie & General

Looking for possible sponsorships on our jerseys

Sponsorship on sleeves vs larger logo on front or back

One sponsorship vs many sponsorships

Club sponsorships &/or individual team sponsorships

Sponsorships on practice jerseys, uniform jerseys

Main concern for game jerseys is keeping club jerseys uniform

With sponsorships we could be looking at paying cost for our uniforms

Katie

Keep an eye out for the indoor schedule

Meeting adjourned @ 8:03

Michael W. Jackel
