Practices

Erik Nates Euro Hockey has developed a brand new spring league that will give each player the opportunity to enhance their skill level, cultivate creativity and most of all, enjoy the game.

The league is designed to break down the game to its most basic form: Individual Skill Development & Small Area Games

The league will consist of 1 practice per week focusing 30 minutes towards skill development and 30 minutes on small area games. League games will be played on the weekend in a cross-ice 3 on 3 round-robin format. Every team roster will be limited to 9-10 players.

Each practice will focus on Skill Development and game awareness through the use of small area games.

The skill development part of practice will work on areas such as: skating, edge control, agility, puck handling, puck protection & acceleration. Each player will be taught skills each practice and through repetition, be challenged to the best of their ability.

The small area games will be a useful tool to help players develop game awareness and puck handling skills by shrinking the ice allowing players to get puck-touches, stay involved in the play more often & learn to make quick, effective decisions with and without the puck. In these small area games, we will stress the importance of puck protection, puck possession, give

League Games

& go's and most importantly movement of each players feet with and without the puck. Players will learn about supporting the puck, supporting their teammates and giving them outlets in game situations.

Total of 7 weeks of Round Robin 3 on 3 play, each team will play three 20-minute cross-ice games against all opposing teams in their division during their game slot on the weekend. During these games, we will stress the importance of creativity, teamwork & competition. The Final weekend will be a playoff format depending on divisional standings.

Must register by 4/5/10. Registration will be accepted on a first come, first serve basis.

Each team will have 9-10 players maximum.

ENEH reserves the right to move players to maintain parity in the league.

All players will receive a team jersey and socks to wear at all practices and games.

Each player will have 7 practices & 7 games, a total of 14 on-ice sessions.
