Purpose:	Monthly Board Meeting				

Topics Discuss

President Report:

- We've all heard that Delegate Hill is presenting a bill that proposes a ban on contact sports (football, lax, soccer, etc) on all public fields.
- We are staying very close to this as a league and a program, and will approach it as a unified voice.
- Communication will come to parents once we meet as a league in 2/18.
- To do this right we may look at hiring a lawyer, the CCFL may look to all programs to contribute to the cost. As a program are we ok with committing up to \$500? UNANIMOUS APPROVAL
- Collectively adding sports makes it more difficult to pass so it looks in our favor.
- We will take the stance of the major improvements that have been made in the game rules, equipment, training, etc.
