--- Message -----

All,

Sorry for the delay, the attached spread sheet is the sorted and collated data from the information that was provided for games...

I can tell you that I have put in an excess of 30 hrs of touch time on these and **I know** there are issues. I just hope they are not huge. Keep in mind there are a number of issues associated with the scheduled including but not limited to club teams playing with different teams some have no $\frac{3}{4}$ some have no $\frac{7}{8}$ etc... I have tried to schedule 3 way games and double headers to allow teams to play games. In addition the reduction in $\frac{7}{8}$ teams limits the number of teams to play. With that said I feel this Wednesday's meeting needs to start as a wrap up scheduling meeting.

Please be sure to have representation at the meeting for each team. The meeting will be held in the intermediate school "A" gym, the address is *2320 Route 6, Middletown, NY, 10940. The gym entrance is located at the back of the school and overlooks the tennis courts and large field.*

Also please look at the facility list on the web site to ensure we have locations right.

<http://midhudsonlax.com/FacilityList.asp?org=MIDHUDSONLAX.COM>

The sheet attached is sorted by date, away team and home team. There is an additional tab of the “available to plays” that were not able to be used.

Thanks,

Burger

****PS it's good to have my power back now!!!!**
