Mass Bay Youth Lacrosse League (MBYLL)

Mass Bay Youth Lacrosse League is the largest boys lacrosse league in the United States and the first recipient of the Gold Stick Standard of Excellence from US Lacrosse (the sport's national governing body).

We are incredibly proud of our youth players, our certified coaches, the countless volunteers who make up our organization, and all our supporters (including parents, families, and friends of the athletes).

What We Require

All athletes playing for an MBYLL town program (boys teams) must first register with MBYLL.org, including a \$40 registration fee which includes the athlete's insurance, membership to US Lacrosse and Positive Coaching Alliance, game schedule, referee assignments, coaching education and more.

How To Register

Visit your town program's website to begin your town registration. Before you can complete that registration, you will be redirected to www.mbyll.org for "League Player Registration."

The information entered into the MBYLL registration (name, DOB, contact info, email, etc.) must match the information entered into your town registration.

Upon completion of your league registration, you will be given a unique code. Save that code and enter it during your town program registration when you return to complete it.
