Diamond Elite is proud of our alignment with [Pinkman Baseball Academy](#) which enhances our program to produce the region's premier training, pitching instruction, and overall player development

The Diamond Elite (DE) program mission statement is to provide ultimate player development within a team environment. Each team is coached and trained by Diamond Elite coaches. Every player has access to our state of the art 8,000 sqft indoor training facility and we believe you only improve by identifying your weaknesses, improving through refined training/practice, and playing at the highest competitive level. DE teams practice and train weekly during combined multiple team outdoor practices (indoor during winter sessions). Summer DE teams will play 6-7 tournaments this summer.
