SCHOOL PURPOSE

Sly Park Fundamental Basketball School was formed to provide instruction so that 4th through 12th grade boys and girls can learn the fundamentals of basketball and develop skills necessary to be successful school and AAU players. Sly Park is designed to first evaluate each player and then provide instruction based on ability and current skill level. A hand written player evaluation will be given to each player at the end of the school, which will note particular strengths and areas that need improvement.

In the past 34 years, with nearly 14,000 graduates, Sly Park Basketball School has become the most popular overnight basketball camp in Northern California. For young players learning the fundamentals necessary to become successful varsity basketball players, Sly Park is "the" basketball school to attend.

The high number of returnees each year supports the reputation of Sly Park Basketball School as *the* place to improve your basketball skills, meet new friends, and have fun!
