

2019 MARS YOUTH LACROSSE EQUIPMENT MEMO

Boys are required to have a stick and a full complement of equipment: helmet (for customizable helmets all navy blue helmet with athletic gold visor is preferred; younger player adjustable helmets typically come in white), shoulder pads, gloves, arm pads, mouthpiece, cup and soccer or football shoes. Rib pads are recommended. Some helmets can be used as your son grows as they are adjustable. Equipment can be purchased locally or on-line. Below is a list of local stores and websites where equipment can be purchased.

Local Stores:

Dick's Sporting Goods 724-778-3010

Cranberry Crossroads 2021 Mackenzie Way Cranberry Twp, Pa 16066

Websites:

www.lax.com

www.sportstop.com

www.lacrossemonkey.com

Please note that stores and websites offer more than just starter packages. Starter packages may be appropriate for players at the younger levels. However, 5th grade players and higher may require equipment that provides better protective quality. You may consider talking with your coach or a lacrosse specialist at one of the above stores when purchasing equipment for players at the upper playing levels.

Note to Hockey players: Hockey protective equipment may look similar to lacrosse equipment but there are important differences so please make sure you buy lacrosse specific equipment!
