# 2011 LOCAL RULES

## SECTION I. ADMINISTRATIVE REGULATIONS AND PROCEDURES

### 1. OBJECTIVE

#### **1.1. League Objective.**

The objective of the Fairfax Little League, Inc. shall be to implant firmly in the children of the community the ideals of good sportsmanship, honesty, loyalty, courage and respect for authority, so that they may be well adjusted, stronger and happier children and will grow to be good, decent, healthy and trustworthy citizens. To achieve this objective the Fairfax Little League, Inc. will provide a supervised program under the Rules and Regulations of Little League Baseball, Incorporated. All Directors, Officers and Members shall bear in mind that the molding of future citizens is of prime importance and that the attainment of exceptional athletic skill or the winning of games is secondary.

#### **1.2. Scope of the Supervised Program.**

1.2.1. To meet the needs of the community, the supervised program shall consist of three separate **Leagues** individually chartered by Little League Baseball, Inc.: the **American League**, the **Dominion League**, and the **National League**. Each of these Leagues may offer levels of play as described in Rule 1.2. for players league age 4 through 16, and may also offer a Challenger Division for players league age 4 through 18.

1.2.2. The **Senior League** program of play shall consist of a single playing division for players of league age 14, 15, or 16.

See section **5 – Player Distribution** for regulations on distribution by age.

1.2.3. The **Junior League** shall consist of a single playing division for players of league age 12, 13, or 14.

See section **5 – Player Distribution** for regulations on distribution by age.

1.2.4. **Little League Program.**

1.2.4.1. The **Little League** shall consist of three divisions: The **Majors Division**, the **Minor League Division**, and the **Tee Ball Division**. The Majors and Tee Ball Divisions consist of a single playing level. The Minor League Division consists of three separate playing levels: the **Single A (A)** which is machine pitched, **Double A (AA)** which is player and coach pitched, and **Triple A (AAA)**, which is player pitched. The **spring season** is open to players league age 4 through 12. The **fall season** is open to players league age 6 through 11.

1.2.4.2. All Little League play shall be division and level specific and may be interleague, depending upon scheduling considerations.

**EXAMPLE:** A Majors division team of the Dominion League could play against a Majors division team of the American League, but could not play against a Minor League division team of any League.

1.2.5. Depending on player interest, a **Challenger Division** of varying size shall be established for those players league age 4 through 18 with physical and/or mental disabilities.

### **1.3. Objective of the Local Rules.**

The objectives of the Fairfax Little League, Inc. Local Rules are to meet requirements of the Official Regulations and Playing Rules of Little League Baseball, Inc. and to state, amplify, and clarify administrative regulations and procedures and playing rules necessary to conduct the supervised Little League Baseball Program within the Leagues' boundaries during the regularly scheduled spring and fall seasons. For clarity, the Local Rules are divided into two sections: Administrative Regulations and Procedures, and Playing Rules.

### **1.4. Recommendations for change.**

Any person associated with Fairfax Little League, Inc. in any capacity may recommend changes to these local rules. Recommendations for change should be addressed to the Chief Umpire.

## **2. REGULATION OF THE SUPERVISED PROGRAM**

### **2.1. National Guidance.**

The Official Regulations and Playing Rules for Tee Ball, Minor League, Little League, Junior League, and Senior League Baseball and the Little League Draft Selection

System for Little League Baseball, all of which are issued and copyrighted by Little League Baseball, Inc., shall govern the supervised program activities of the Fairfax Little League, Inc.

## **2.2. Precedence of Regulations and Rules.**

2.2.1. If these Local Rules (LR) conflict with the National Regulations or Playing Rules of Tee Ball, Minor League, Little League, Junior League, or Senior League Baseball, these Local Rules shall apply for the scheduled spring and fall seasons of play of the Fairfax Little League, Inc., as defined herein.

2.2.2. For end of season tournaments sponsored by the Fairfax Little League Inc., these Local Rules shall continue to apply without change for all games at all levels of play with only two (2) exceptions.

**EXCEPTION 1:** The administrative game time limit for the final Championship game at the Senior League, Junior League, Majors Division and AAA Playing Level of the Minors Division of the Little League is deleted. In the final Championship game of the specified playing level tournaments, the game shall be played to its full regulation length of 6 or 7 innings as specified in National Playing Rules 4.10 and 4.11.

**EXCEPTION 2:** All tournament tie games shall continue until a winner is determined.

**Note:** In all final Championship games, the 10 run rule specified in National Playing Rule 4.10(e) applies at all levels of play after the game is an official regulation game.

2.2.3. These Fairfax Little League Local Rules do not apply to interleague play when one of the teams is from outside Fairfax Little Leagues, Inc. For interleague play at the Junior and Senior League levels, playing rule modifications, if needed, will be provided in writing.

2.2.4. For official spring post season tournament play sponsored by Little League District or higher level, the Official Regulations and Playing Rules shall regain precedence.

## **2.3. The League Committee.**

2.3.1. **Spring Season.** The League Committee for each of the three **Leagues** of the Fairfax Little League, Inc. shall consist of the League President, the Director of Junior/Senior Play, the Director of Challenger Play, the League Director of Minors, the League Player Agent, and the League Director of Tee Ball. Each League President shall establish procedures to break tie votes within their own League.

**NOTE 1:** For matters involving the Challenger Division, the Director of Challenger Play shall replace the Director of Minors on each League Committee.

**NOTE 2:** For matters involving the Senior or Junior League, the Director of Junior/Senior Play shall replace the League Director of Minors and the League Director of Tee Ball on each League Committee.

**2.3.2. Fall Season.** The League Committee for each of the three Leagues of the Fairfax Little League, Inc. shall consist of the League President, the Director of Fall Ball, the Director of Junior/Senior Play, the Director of Challenger Play the League Player Agent, and the League Director of Minors.

**NOTE :** For matters involving the Junior Transition Program, the Director of Junior Play shall replace the League Director of Minors.

## **2.4. Managers and Coaches.**

2.4.1. All **managers and coaches** of teams in the supervised program in either the spring or fall season shall be approved by majority vote of the Board of Directors.

2.4.2. All team **managers and coaches** shall attend Rules Training for Managers taught by the Chief Umpire prior to the start of either the spring or fall season, or complete the entire inexperienced umpire training program consisting of both classroom and on-field classes before the spring season. **Certification by the Chief Umpire of the manager or coach's attendance at rules training is required before that individual is allowed on the playing field in a coaching role during scheduled games.**

## **2.5. Volunteer Umpires.**

2.5.1. Fairfax Little League uses volunteer umpires exclusively. It is the goal of the Board of Directors to increase parent participation as umpires throughout the year. Youth and adult volunteers may become a **league certified umpire** who would officiate games League wide depending upon their skill level and time availability, or adults may become designated as **team parent umpires** who would normally officiate only games in which their child's team is a participant. The League provides equipment and training in rules, game administration, and safety for all volunteers. Adult volunteer umpires are also encouraged to join the Fairfax Baseball Official's Association (FBOA), a civic organization of volunteer umpires that supports the League and conducts additional umpire training and development.

2.5.2. Subject to availability, scheduled umpires **are assigned** for all games at the Senior League (spring only), the Junior League, the Majors Division, and playing levels AAA and AA of the Minor League Division. Scheduled umpires **are not assigned** for the A level of the Minor League Division, the Tee Ball Division, and the Challenger Division.

2.5.3. If sufficient scheduled volunteer umpires are not available, team managers shall provide volunteer parents to umpire in accordance with the following procedures and rules:

2.5.3.1. All managers in the Challenger Division, the Tee Ball Division, and the Minor League Division shall designate **two** or more adults to be the **Team Parent Umpires**. All managers in the Majors Division, Junior League, and Senior League shall designate **one** or more adult(s) to be the team parent umpire. These team parent umpire(s) shall attend a training clinic before the start of the season that is designed specifically for them. Upon designation, the name(s) of Team Parent Umpires shall be reported by all managers to their League President; the League Presidents shall provide these names to the Chief Umpire prior to the start of the season.

2.5.3.2. In the event no scheduled umpires are available for a game, managers shall request the team's parent umpires officiate the game. The **visiting** team manager shall provide the Umpire-in-Chief who shall call home plate; other parent umpires shall call the bases. Once an umpire takes a position on the playing field, that umpire shall **continue to occupy that position** until the game is over, unless forced to retire by injury, illness, or other personal circumstance.

2.5.3.3. If one scheduled umpire is present for a game, that scheduled umpire shall be the Umpire-in-Chief and shall call home plate. At a minimum, the visiting team manager is responsible for providing one of the team's parent umpires to umpire the field; however, each team should provide a parent umpire to provide better umpire coverage of the game—visiting team umpire calls 1<sup>st</sup> and 2<sup>nd</sup> bases, home team umpire calls 3<sup>rd</sup> base.

2.5.3.4. After training, inexperienced scheduled umpires are normally assigned games at the AA level of the Minors Division. For the AA level and the AAA level, even if two scheduled umpires are present for these games, the visiting team parent umpire may assist the scheduled umpires by calling 3<sup>rd</sup> base, thus placing three umpires and a minimum of one adult on the field for all games.

2.5.3.5. Any umpire may consult with the Field Marshall, umpire supervisor, safety officer, or other knowledgeable individual for interpretations or rulings during a game, if necessary.

## **2.6. Selection of a Scorekeeper.**

The team manager selects the scorekeeper. The home team scorekeeper shall be the “game’s official scorekeeper” and his/her decisions are final and binding. The official scorekeeper may keep the game time, and as requested, provide game time information to the Umpire-In-Chief. The official scorekeeper shall ensure that the Umpire-in-Chief signs the official scorebook if the game is protested, or suspended; all scorekeepers should record the umpires’ names. The home team manager shall designate a person responsible for keeping the official pitch count. This person shall ensure that the proper pitch counts for pitchers in the game are maintained.

## **2.7. Board of Director’s Field Marshall.**

A member of the League's Board of Directors will normally be in attendance at each of the Leagues' field complexes during scheduled games and will perform as the Marshall of that field complex.

2.7.1. The duties of the Board of Director’s Marshall are to assist the umpires in administering the Little League program of scheduled games; to ensure good sportsmanship is displayed by all players, members of the League, spectators, and guests; to assure safety for all players and league members during scheduled activities; to respond to problems with any aspect of the scheduled program at that field complex; to be available for suggestions or constructive comments from any concerned individual regarding aspects of the League's scheduled program; and to provide appropriate observations to the Board.

2.7.2. The Field Marshall has the authority on behalf of the Board of Directors to require any person who is disrupting the scheduled program or displaying inappropriate sportsmanship to leave the Fairfax Little League field complex. If this authority must be used, the Field Marshall shall make a written report of the situation to the League Committee of the League involved and furnish a copy of this report to the Board of Directors. Managers of the teams involved shall provide such information to the Field Marshall as is necessary for this report.

## **2.8. Batting Cages.**

The batting cages at the game fields shall be reserved for one hour prior to the start of any scheduled game for use by the two teams participating in that game.

Batting cages may be used while scheduled games are in progress **only as follows:**

- Chilcott Stadium: **NO USE**
- Thaiss park (Pickett): batting cages, but not hitting stations, may be used during scheduled games by teams scheduled to next play on any field at Thaiss park based on the following priorities:
  - 1. Teams scheduled to play on Fields #1 and #5 (equal priority – 1 cage per field).
  - 2. Teams scheduled to play on Fields #2 and #3.
  - 3. Teams scheduled to play on Field #4.
- Burke field: batting cages may be used during scheduled games by the teams scheduled for the next game on Burke field
- Robinson High School, no restrictions on use of Varsity cages; the JV field cages shall not be used while a game is being played on the JV field.

League Presidents may further restrict the use of batting cages during games as necessary.

## **2.9. Batting Practice.**

In the interests of safety, **pitched** batting practice on playing fields is not permitted in pre-game activities. When teams hold scheduled practices on playing fields, no batting practice shall be conducted against any backstop or fence on any Fairfax Little League field at any time. No short toss, or soft toss shall be allowed against any fence at any Fairfax Little League field at any time using regular baseballs; however, wiffle balls, or a similar type plastic ball may be used.

## **3. SAFETY**

### **3.1. Safety Director's Responsibility.**

The Safety Director shall publish and administer the League's Safety Program, schedule and oversee training, and establish procedures to follow in the event of injury or unsafe conditions in the Safety Program and these Local Rules.

## **3.2. Manager's Responsibility.**

3.2.1. Team managers and coaches shall complete safety training as scheduled by the Director of Safety within the past calendar year. The League goal is to have all managers and coaches complete safety training every year; the minimum League standard is for coaches and managers to complete training every other year. The Director of Safety shall certify to the respective League Presidents that each rostered team has at least one coach or manager who has met the League standards for safety training prior to the start of the schedule of play, or identify to the League Presidents those teams whose manager/coaches require remedial safety training before the team can participate in the schedule of play.

3.2.2. Managers shall report all injuries or accidents to the League Director of Safety and the League Player Agent. Such reports shall be made within forty-eight hours of the injury or of obtaining knowledge of such injury or accident.

## **3.3. Unsafe Conditions.**

3.3.1. All members of Fairfax Little Leagues have an inherent responsibility to assist in eliminating unsafe conditions within the supervised program.

3.3.1.1. It is the responsibility of the game Umpire-in-Chief to verify that all playing equipment and the playing field itself are suitable and safe for play before starting a game. Managers, coaches, and parents may assist the Umpire-in-Chief in performing specific inspections of team equipment, properly marking the field, and inspecting the game site including spectator seating areas to assist in eliminating unsafe conditions. All League personnel are reminded to review LR 8.3.4., which permits administrative postponement prior to game start due to unsafe playing conditions. If so postponed, games shall not be played.

3.3.1.2. Bat Throwing/Unsafe Follow Through.

3.3.1.2.1. In all Leagues, when a batter unintentionally throws a bat or fails to control their follow through and that action is judged an unsafe act by an umpire, the player shall receive a personal warning from the umpire.

3.3.1.2.2. In the event of a second unsafe act by that same player in the same game, the following penalty shall be enforced: in the Tee Ball Division, at the unsafe batter's next turn to bat, the batter next listed on the batting order after the unsafe batter shall hit the ball for the unsafe batter, the unsafe batter shall run the bases (LR 11.6.3.) and shall remain eligible to play in a defensive position. At the A level of the Minor League Division, the unsafe batter shall be removed from the batting order for the remainder of the game, but shall remain in the game defensively and complete all defensive player

participation requirements. At all other playing levels, the unsafe batter shall be immediately disqualified from playing in the remainder of the game and administratively restricted to the dugout until the game is completed. This dugout restriction is not an ejection and does not include the automatic suspension penalty for the next game for the unsafe batter. If substitution rules apply, an eligible substitute shall enter the game for the unsafe batter; if no eligible substitute exists, the opposing manager shall select a player listed on the batting order to replace the unsafe batter.

3.3.1.2.3. If a batter has not completed his time at bat when committing the second unsafe act, that unsafe batter shall be immediately removed and replaced by the next scheduled batter (or substitute) who shall assume the existing count of the unsafe batter removed.

3.3.2. It is the responsibility of the Umpire-in-Chief to determine when a game in progress should be suspended due to unsafe playing conditions, such as slippery footing, insufficient light, cloud to ground lightning, or other hazardous conditions. When a game has been suspended because of lightning, the game shall not be resumed until at least **30 minutes** have passed without more lightning strikes being sighted in the vicinity of the game field.

3.3.3. A representative of the League's Board of Directors will normally be present and assigned duties as the Field Marshall at each of the playing field complexes. The Field Marshall may advise umpires and managers on game suspensions during periods of limited visibility or inclement weather. This advice is not intended to challenge the authority of the Umpire-in-Chief to suspend a game, but is designed to assist in assuring safety of all players on behalf of the League.

3.3.4. Umpires receiving instructions from the Field Marshall to suspend games due to limited visibility, lightning, or other aspects of the playing conditions shall do so immediately.

### **3.4. Team Responsibilities.**

3.4.1. All teams shall emphasize safety in practice and scheduled play. Parents are encouraged to assist managers and coaches in this emphasis with their playing child.

3.4.2. In the event of weather and/or field condition problems, both teams are responsible for adhering to safety decisions and for trying to make the field playable, if possible. However, if the game cannot be started within time limits established by LR 8.2., the game shall not be played but shall be rescheduled by the appropriate player agent. Under no circumstances is the game to be "moved" to the outfield to be played, or moved to another field, unless approved by the League Player Agent.

## **4. PLAYER REGISTRATION AND EVALUATION**

### **4.1. Registration.**

All players shall be registered with Fairfax Little League, Inc.. The league age of each player shall be verified at registration for the spring season. For players in the fall season who did not register for the spring season, league age shall be verified at registration for the fall season.

### **4.2. Opportunity to play.**

It is the intent of Fairfax Little League, Inc. that any child who desires and qualifies by age, shall be given the opportunity to participate in the supervised program and shall be placed, as accurately as possible, in the level of play which most nearly matches his/her age and/or ability.

### **4.3. Evaluations.**

The League shall schedule and conduct evaluations of playing skills to assist in administering the supervised program.

4.3.1. All players who wish to be eligible for the Junior League shall participate in the League's evaluation except those players who were on an existing Juniors team for the previous spring season. Any player who does not participate in the evaluation is subject to removal from the player distribution pool and may further be subject to forfeiture of eligibility to play in the supervised program, unless a valid reason for not participating in the scheduled evaluation is presented to, and accepted by, the Junior/Senior Player Agent.

4.3.2. All players who wish to be eligible for the Little League Majors Division and the AA and AAA levels of the Minor League Division, shall participate in the League's evaluation, except those players who were on a spring season Majors Division team. Any player who does not participate in the evaluation is subject to removal from the player distribution pool and may further be subject to forfeiture of eligibility to play in the supervised program, unless a valid reason for not participating in the scheduled evaluation is presented to, and accepted by, the League Player Agent.

4.3.3. Any player who does not report for player evaluation at the scheduled time without prior approval of the League Committee shall be prohibited from playing in the supervised program for a manager or coach for whom the player previously played in any league in the past 12 months.

4.3.4. Players league age 4 through 7, and players league age 8 who do not wish to be drafted to an AA level Minor League Division team, are not required to participate in an evaluation.

**NOTE:** see Note 1 to LR 5.1.2. for possible evaluation requirement for 7 year old players.

5.2.3. After the completion of assignment by draft, remaining players of league age 7 and 8 shall be assigned to teams of the A level of the Minor League Division by the League Director of Minors with the approval of the League Player Agent. After completing team rosters of the A level teams, remaining players shall be assigned to teams of the Tee Ball Division by the Director of Tee Ball. 5.4.2. If head-to-head competition still results in a tie, the second tie-breaker shall be the number of returning players with the team having the least number of returning players drafting first.

**EXAMPLE:** Teams A and B tie in the final standings, and split the games between them in the previous season. Team A has seven (7) returning players and team B has five (5) returning players--**RULING:** team B drafts first.

5.4.3. If both teams have the same number of returning players, then the number of returning twelve year-olds shall determine the order of draft.

**EXAMPLE:** Team A has six (6) returning players including four (4) twelve year-olds and team B has six (6) returning players including three (3) twelve year-olds--**RULING:** team B drafts first.

5.4.4. Finally, if all these parameters are even, a coin shall be flipped to determine the order of selection in the first round of the draft; in successive draft rounds the teams shall alternate order of selection.

5.6.2. Draft rounds shall alternately run from the lowest numbered team (i.e., number 1) to the highest team and vice versa.

**EXAMPLE:** Team number 1 selects first in rounds 1, 3, 5, 7, etc., and last in rounds 2, 4, 6, etc., and the other teams select accordingly.

**NOTE:** Manager's draft option shall be in the 4th round.

5.6.3. AAA team managers shall select from the player distribution pool per guidance from their League Committee.

**NOTE:** All players league age 11 or 12 shall play at the AAA level of the Minor League Division or higher unless determined to be at risk by the League Committee.

Prospective coaches will not be allowed to attend the draft in order to avoid the perception that player selections have been pre-determined. Although managers may hold preliminary discussions with prospective coaches for their team, coaching positions cannot be promised until the draft is completed and the results are made official. Managers who desire specific coaches are encouraged to pick that person's child in the early rounds per rules 5.6.1 and 5.6.2 above. [Prior to the draft, managers can make their preference known to work with certain coaches. These discussions may result in other managers willfully volunteering to pass on players in the early rounds so these preferences can be fulfilled. However, at no time will any manager be obligated to pass on a player in order to meet another manager's personal preference for a specific coach/player.

## **5.7. Special Provisions.**

5.7.1. It is the intent of Fairfax Little League that players participate at the level which is appropriate for their skills and abilities; however, any Minor League Division player who refuses to be drafted to a higher level is subject to sanctions based on the following

quote of subparagraph (b) of Regulation VIII of the Official Regulations of Little League Baseball:

*"The Minor League program is the responsibility and is an integral part of the chartered Little League. It is not and may not be operated as a separate entity. It must be restricted to the boundaries of the Local League and its players are subject to selection by draft by any Little League (Majors) Team of the Local League. Refusal of a player to comply shall result in forfeiture of further eligibility in the Little League (Majors) Division for the current season."*

**NOTE:** It is **NOT** the intention of this rule that players who refuse to be drafted shall forfeit eligibility to continue participation in Little League, but rather that they forfeit further eligibility for advancement to a higher league level during the current season and possibly be subject to being declared **ineligible** for post season tournament play at any level. It is unfair for a child of exceptional ability to play in a league level that is obviously below his/her skill level. Should a player of such exceptional ability refuse advancement to a higher league level, the League Committee shall recommend proposed sanctions to the Board for approval. No sanction will be announced nor imposed without approval of the Board of Directors. Additionally, a player who, at the time of the draft, declines an assignment to a Majors Division team or requests that they not be assigned to a Majors Division team, shall be ineligible for advancement to a Majors Division team for the duration of the season.

5.7.2. It is recognized that in exceptional cases, the parents of a child who is hindered by individual limitations, may appeal to a committee of the League President, Player Agent, drafting manager (if applicable, as a non-voting member) and the Director of Minors for an appeal of player distribution.

## **6. TEAM STRENGTH**

### **6.1. Number of Players.**

The number of players on each team shall be as follows:

## **6.2. Team rosters.**

Prior to the first game of the season, all managers shall provide a complete team roster to the League Player Agent. The roster shall be on the form provided by Little League Baseball, Inc. The Player Agent shall update each team roster as changes occur throughout the season.

## **6.3. Advancing Players to Fill Vacancies.**

6.3.1. Only long-term vacancies on Little League Majors Division teams in the spring season are eligible to be filled. Long-term vacancies are defined as those due to moving out of the community, voluntary resignation, or injury and/or illness that precludes the player from participating in 6 (six) consecutive games listed on the original schedule. Other events causing vacancies at all levels shall be evaluated by the League Committee for a determination of permanence and whether advancement is warranted. If the League Committee determines advancement from the Minor League Division is not warranted, the Majors Division team shall continue the season with its remaining players.

6.3.2. Managers shall notify their Player Agent of a possible long-term vacancy within 24 hours of becoming aware of the situation. Procedures to fill the vacancy shall be as directed by the Player Agent who will be the initial channel of communication between any manager with a vacancy and any potential replacement. Selecting managers shall not contact a player, player's parents or the player's present manager directly, until approval to do so is received from the Player Agent. Vacancies shall be filled, normally within seven (7) day's time, by the Player Agent after coordination with the League Committee.

6.3.3. In matters of player advancement, the Player Agent's decision is final. Effective on the date of advancement, the player becomes a member of the new team and is ineligible to participate with his/her previous team. A player advanced during the season shall remain eligible for any awards won during his/her tenure in the lower level.

6.3.4. Advancements shall be effective on the Monday following the date the advancement is approved by the Player Agent, i.e., the Player Agent approves an advancement on Monday of a league week—the advancement takes place on Monday of the following league week.

6.3.5. The Player Agents are charged with the responsibility of ensuring compliance with this rule.

#### **6.4. Majors Division Replacement Players.**

Replacement players become permanent members of a Little League Majors Division team on the date of advancement.

6.4.1 Replacement players shall be league age 10 or 11. In the second half of the scheduled spring season, replacement players advanced to a Majors Division team shall be league age 11.

6.4.2. If the Majors Division player being replaced is league age 12, and a younger replacement player is drafted up to fill the vacancy, the replacement player shall constitute the team's second round draft choice for the next season. If the replacement player is the same age or older than the player(s) lost, it will not count towards the team's draft choices for the next season.

## **7. PLAYER PARTICIPATION**

### **7.1. Practice Limitations.**

7.4.2. In both seasons, unless due to safety concerns, managers **shall** rotate their players between infield and outfield positions giving every player the opportunity to play an infield position for at least two full defensive innings in each game. This rotation requirement applies to all players.

**NOTE 1:** Players who do not get the required number of infield innings in a game shall start the next game in an infield position until all playing requirements for both games have been fulfilled. If teams cannot fulfill this infield playing requirement due to not completing at least four defensive half innings in a game, team managers shall inform the League Director of Minors for decision on how to schedule playing time to provide the most equitable opportunity to all players. Decisions made by the League Director of Minors are final.

**NOTE 2:** Managers shall notify the League Director of Minors of safety concerns that, in their view, disqualifies a player from playing either an infield or an outfield position. 7.7.1. Alleged violations of player participation rules shall be reported to the League Player Agent.

7.7.2. League Player Agents, aided as they desire by official scorers, have the authority and responsibility to enforce player participation rules. If a League Player Agent has reason to believe that a manager has intentionally violated these rules, the League Player Agent shall refer the matter to the League Committee who shall act in accordance with paragraph (i) of Little League Regulation IV by directing the Manager to schedule the player to fulfill missed participation requirements in the next game. Further, if this is the first player participation violation of the team in the season, the League Player Agent shall issue the manager a **written warning**. If the violation is the second in the same season, the League President shall **suspend the manager for the next scheduled game**. If the violation is the third offense in the same season, the League President shall **suspend the manager for the remainder of the season** and shall inform the Board of these facts for their consideration in future manager selections.

## 7.8. Player Participation Record (PPRs).

7.8.1. The purpose of PPRs is three fold: (1) To ensure that player participation is in accordance with Little League Regulations, Playing Rules, and Fairfax Little League Local Rules; (2) to provide a documented record of player performance to be used to determine end-of-season team and individual awards; and (3) to provide information for use in the next year's draft.

7.8.4. League Player Agents, aided as they desire by official score keepers and other league officials, have the authority to call for the censure of any manager who fails to submit the team's PPRs within the prescribed period as noted in LR 7.8.3. or intentionally submits inaccurate or incorrect data for unsportsmanlike purposes. For repeated offenses, the League Committee shall determine the form of censure, and if necessary, bring the matter before the Board of Directors for approval. The censure may result in suspension of one or more games or the permanent suspension of the offending manager.

7.8.5. Any manager failing to submit a final PPR for a Spring or Fall season shall, in the succeeding Spring season, be prohibited from drafting any player who played for that manager during the season in which the PPR was not submitted.

### **8.1. Pre-game Time Limits.**

## 8.5. Schedule Deviations.

8.6.1.2. The Umpire-in-Chief is responsible for designating the official timekeeper for the game at the plate conference. The normal timekeeper is the field umpire; however, if not so designated at the plate conference, the official scorekeeper, provided by the home team, shall be the official game timekeeper and shall inform the Umpire-in-Chief upon reaching the times listed in Appendix A and B to these Local Rules.

### 8.6.2. Restriction on starting an inning.

8.6.2.2. This Local Rule does not relieve the Umpire-in-Chief of his/her responsibility to suspend or terminate a game when darkness or conditions create a hazard to the players, nor of his/her authority to declare a game forfeited under National Playing Rule 4.15 where there is obvious stalling by a team to gain an advantage because of this rule.

### 8.6.3. Senior/Junior League Game Time Limits.

8.7.4. At all levels, in games which have been called by the Umpire-in-Chief before the regulation number of innings have been completed, the score of such games shall be determined at the end of the last complete inning.

**EXCEPTION:** when in the home team half of an uncompleted inning, the home team has scored one or more runs to tie the score or take the lead, the final score of the called regulation game is the total number of runs scored by each team at the point in the uncompleted inning when the Umpire-in-Chief called the game.

## **8.8. Tie Games.**

8.8.1. For all levels of play except the Challenger and Tee Ball Divisions where score is not kept, tie games shall go into extra innings if not prevented by game time limits of LRs 8.6. and 8.9. Based on personal decision, or upon request by either manager, the Umpire-in-Chief may temporarily suspend a game in progress to turn on the artificial lights to provide adequate visibility for safe play. When the Umpire-in-Chief is satisfied that sufficient light is available, play shall continue.

8.9.5. Failure of artificial lights. In the event of failure of the artificial lights to turn on or continue to operate, game time limits specified in LR 8.6 shall apply.

The home team manager of the postponed game will contact the Rescheduler within 24 hours once the game has been postponed. Game rescheduling will be done at the earliest possible date in the order of postponement. Reschedulers shall inform the umpire schedulers of all rescheduled games. ### **9.3. Spring Season Championship.**

9.3.1. At the Little League Majors Division and AAA level of the Minor League Division, championships shall be determined by comparing season win/loss records (winning percentage). The season win/loss record shall include all scheduled games played including interleague games. In the event of a tie the following, in the order presented, shall be used to break the ties: Head to head record, win/loss record within their league, or a playoff game scheduled with each team receiving at least one (1) day of rest prior to the game. For second or third place ties, the following, in the order presented, shall be used to break the ties: Head to head record, win/loss record within their league, or, if time permits, a playoff game to be played within one (1) week after the last scheduled game. (Majors only): The overall standings for the Spring season shall be used in determining the order for the next Spring's draft.

NOTE: If possible, Teams vying for first place at the Little League Majors Division and AAA levels of the Minor League Division shall play out the schedule if the results of remaining games will affect the final standings. For example, if one team is 12-6 and another is 12-5, the latter team must play out its schedule. Playing out the schedule is not required for teams mathematically eliminated from winning the league championship

9.3.1.1. In the Senior and Junior Leagues, the regular Spring season championship shall be determined by comparing season win/loss records (winning percentage). The Spring season win/loss record shall include all scheduled games played including interleague games. In the event of a tie the following, in the order presented, shall be used to break the ties: Head to head record, win/loss record within their league, or a playoff game scheduled with each team receiving at least one (1) day of rest prior to the game. For second or third place ties, the following, in the order presented, shall be used to break the ties: Head to head record, win/loss record within their league, or, if time permits, a playoff game to be played within one (1) week after the last scheduled game. The overall standings for the Spring season shall be used in determining the order for the next Spring's draft.

9.3.1.1.1 In the Senior and Junior Leagues, following the completion of the Spring regular season schedule, the Director of Junior/Senior Play may hold a season ending single or double elimination in-house tournament for Juniors and/or Seniors if time allows. These in-house end of season tournament games and results would not count toward the Spring Season Championship or Spring regular season standings.

Tournament seeding and home and visiting team will be determined by the final overall standings for the Spring season. Only the final Championship game of Spring Juniors and/or Seniors tournament games shall be a full regulation game of 7 innings as prescribed in the National Playing Rules 4.10. and 4.11. The administrative game time limits for all other Spring tournament games shall remain the same as the Spring regular season as specified in LR 8.6.3.1., 8.6.4.2., or 8.6.5

**NOTE:** There is no post season play for the Tee Ball or Challenger Divisions.

#### **9.4. Fall Season Championship.**

At all playing levels of the Fall Season, a single elimination tournament shall be conducted to determine the season championship. A coin toss prior to each tournament game shall determine the home and visiting team. Tournament seeding will be determined by random number drawing held immediately after completion of the Fall draft. Only the final Championship game of the Senior League, Junior League, Little League Majors Division, and the Little League AAA level shall be a full regulation game of 7 or 6 innings as prescribed in the National Playing Rules 4.10. and 4.11. The administrative game time limits for all other Fall tournament games shall remain the same as the Fall regular season as specified in LR 8.6.3.1., 8.6.4.2., or 8.6.5.

Eligible candidates will be the managers and coaches from the respective Leagues and levels of play. After Manager approval, the designated Tournament Team Manager shall recommend to their League Committee the names of two (2) coaches for the tournament team; the League Committee shall review the Manager's recommendations and independently submit two coaching nominations to the Board for approval; nominations for coaching positions do not have to be the coaches recommended by the manager.

#### **10.2. Senior/Junior League Tournament Team Selection Process**

The Senior League and Junior League tournament teams for each League shall be selected by the Senior and Junior players, managers and coaches in accordance with the following.

10.2.1. Supervision. Balloting for members of the tournament teams shall be supervised by the Director of Junior/Senior Play.

10.3.3. Procedures. Each Majors Division player, manager, and two coaches from each Majors Division team may cast only **one** ballot per person, and may vote for **no more than 14 names** on his/her ballot. The League President and Player Agent of each League shall be responsible for counting the votes cast. They are prohibited from revealing the relative standings in balloting of any player. Once the ballots have been tabulated, two lists will be prepared and presented to the tournament team manager for use in determining the composition of the team. Each list will be in alphabetical order. The first list will contain the names of the top five (5) vote getters. The second list will contain the names of the 6th through 25<sup>th</sup> vote getters.

10.3.4. Selection. A maximum of fourteen (14) tournament team members may be selected.

10.3.4.1. The five (5) players with the highest vote totals will automatically be named to the tournament team. The League President, Player Agent and tournament team manager will then select six (6) additional tournament team members from the names of the players who were the 6th through 25<sup>th</sup> highest vote recipients. At the discretion of the League President, Player Agent and Tournament Team Manager, zero, one, or two additional tournament team members may be selected at this time from the second list to be placed on the tournament team with the five (5) players on the first list and the six (6) players from the second list. The tournament team manager and coaches will then, collectively, have one wild card option to pick from any eligible player in the

League. Therefore, twelve (12) players shall be selected and a maximum of fourteen (14) may be selected for the Tournament Team.

10.3.4.2. Alternate players shall not be selected; however, the League President may maintain an order of merit list to be consulted in case a selected player becomes unable to participate in the tournament, thus requiring replacement on the team.

10.3.4.3. There shall be no announcement of the tournament team roster until the date specified by Little League Baseball, Inc.

#### **10.4. 10-11 Year Old Division Tournament Team Selection Process.**

The 10-11 Year Old Division Tournament Team shall be selected from an order of merit listing developed under League Committee supervision. PPRs, manager's evaluations, player on-field evaluations, and player input may be used in developing the order of merit list.

10.4.1. The Tournament Team manager shall poll the regular season AAA level managers of the Minor League Division to identify, at a minimum, the most capable 10 or 11 year old player on their team. If desired, the Tournament Team manager may request identification of the two most capable 10 or 11 year old players. To this list and after selection of the Majors Division Tournament Team, the Tournament Team manager shall add the names of all Majors Division players of league age 10 or 11.

10.4.2. From this list, the Tournament Team Manager shall select and recommend to the League Committee a minimum of 12 and a maximum of 14 players to participate on the League's Tournament Team. The League Committee shall approve the team roster after considering the manager's recommendations.

#### **10.5. 9-10 Year Old Division Tournament Team Selection Process.**

10.5.1. All Majors Division players shall be placed on the order of merit list for consideration. Minor League Division players shall be added to this list based on their demonstrated performance throughout the season until approximately 25 total players have been listed.

10.5.2. When the player's list is completed, the Tournament Team manager shall select a minimum of 12 and a maximum of 14 players to participate on the League's

Tournament Team. The League Committee shall approve the team roster after considering the manager's recommendations. Names of players selected shall not be announced until authorized in the Tournament Rules and Guidelines.

#### **10.6. Ballot Standings.**

League Presidents, Player Agents and Tournament Team Managers are **PROHIBITED** from revealing the relative standings in the balloting of any league player.

## **SECTION II. LOCAL PLAYING RULES**

## **11. MODIFICATIONS FOR THE LITTLE LEAGUE MINOR LEAGUE AND TEE BALL DIVISIONS.**

To support the instructional goal of the Minor League and Tee Ball Divisions, modifications to selected Official Playing Rules of Little League Baseball are adopted for the Fairfax Little League supervised program.

### **11.1. All Minor League Division Levels and Tee Ball Division.**

11.1.1. The continuous batting order is mandatory at all Minor League playing levels. Tardy members shall be added to the end of the batting order when they arrive at the team dugout. Once the batting order is finalized it cannot be altered, except to delete injured players, delete ejected players, delete players who must leave the game due to a family requirement, or to add tardy players at the end of the batting order. The batting order shall become final when the Manager gives the lineup card to the Umpire-In-Chief at the plate conference.

11.1.2. There are no courtesy runners permitted in Fairfax Little League at any level. Due to no substitutions in the Minor League and Tee Ball Divisions, any base runner removed from the game for injury or ejected from a game before three (3) outs have been made by his team shall be replaced by the last batter making an out or the last batter in the batting order for that inning if no previous outs have been made.

11.1.2.1. If players are in the starting batting order, but not present at the game, each time they are due up to bat, **AN OUT SHALL BE RECORDED** and the next player due up shall go to bat.

**NOTE:** an out shall not be recorded if an injured player cannot reenter the game, nor shall an out be recorded for an ejected player, nor shall an out be recorded if a player in the batting order leaves the game due to a family requirement before the game is over.

11.1.2.2. If a batter is injured while at bat, and is removed before completing their time at bat, the new batter shall be the next batter in the batting order. At the AA and AAA levels of the Minor League Division, the ball/strike count on the new batter will be 0 balls and 0 strikes. At the A level of the Minor League Division, the pitch count will be 0 enabling the new batter to receive all seven (7) pitches if necessary.

**NOTE:** At the manager's discretion, the injured batter may reenter the game, and if so reentered, shall occupy the original place in the batting order.

## 11.2. AAA Level .

Modifications of the National Playing Rules listed in LR 11.1., apply at AAA level. There is one further playing rule modification for the AAA level of the Minor League Division. This modification changes part of National Playing Rules 7.02 and 7.13 concerning runners advancement (base stealing).

The rules are modified as follows: the base runner's opportunity to advance through stealing bases is limited to only **one base per play; any base, including home may be stolen**. This restriction does not apply for runners advancing on a hit ball.

**NOTE 1:** The definition of a "play" is the action which takes place on the field from the time of a pitch by the pitcher until the time of the next pitch.

**NOTE 2:** A base on balls (walk) awarded to a batter who received 4 balls during his time at bat does not preclude that batter-runner from trying to steal second base immediately after he has touched first base. This stealing action by the batter runner occurs during the same play in which he was awarded first base.

## 11.3. AA Level.

11.3.1. Modifications of the National Playing Rules detailed in LR 11.1. apply at AA level. Further modifications for the AA Level of the Minor League Division are made as follows.

11.3.2. This modification changes part of National Playing Rules 7.02 and 7.13 concerning runners advancement (base stealing).

The rules are modified as follows: the base runner's opportunity to advance through stealing bases is limited to only **one base per play; any base, except home may be stolen A runner may NOT initiate a steal of home**. This restriction does not apply for runners advancing on a hit ball.

**NOTE:** At the AA level, a batter-runner awarded a base on balls (walk) because he received 4 balls during his time at bat does **NOT** have the privilege of stealing second base on the same play in which he was awarded first base. A batter who "walks" can only achieve first base on the play; however, other than overrunning and immediately returning to first base, the batter-runner remains at jeopardy if tagged while off the first base after initially touching it.

**NOTE:** When the adult pitcher is in the game per LR 11.3.3, no stealing is permitted.

11.3.3. National Playing Rule 6.08 (a) is further modified for the AA level of play to enhance competition and provide a better opportunity for batters to hit a pitch. This AA level special pitching rule only becomes effective in any half inning after the defensive team's pitcher(s) have walked two batters. This rule temporarily substitutes an adult pitcher from the offensive team for the player pitcher who remains in the game playing the defensive position of pitcher.

11.3.3.1. After two walks have occurred in a half inning, if another batter is "walked" in the same half inning, that batter, and all such succeeding walked batters in the half inning, shall remain in the batter's box. Time shall be called and the offensive team shall provide an adult pitcher to pitch to the batter until the time at bat is completed. Then the adult pitcher returns to his dugout and the player pitcher resumes the full role of pitcher for the next batter.

11.3.3.2. The adult pitcher shall wear a glove for self-protection and pitch using the set position from the pitching plate on the mound. Illegal pitches shall not be called. The adult pitcher shall not participate in defensive plays but is authorized to protect himself from a batted ball hit back to the mound; his on-field actions shall be governed by LR 12-5, the same as they are for the A playing level.

11.3.3.3. If the adult pitcher is an adult base coach positioned in a coaching box on the field, he is not required to be replaced in the box while performing as adult pitcher and cannot return to the coaches box during the play in which he pitched.

11.3.3.4. The number of pitches thrown to the batter by the adult pitcher will vary depending on the ball/strike count when the 4<sup>th</sup> ball was originally received. The number of pitches shall equal the remaining strikes available to the batter at the time of receiving the 4<sup>th</sup> ball.

**EXCEPTION:** If a batter receives ball 4 when the count was 3-2, that batter shall have a **MAXIMUM** of 2 pitches to hit should the 1<sup>st</sup> pitch thrown by the coach be declared by the umpire to be unhittable. If the 1<sup>st</sup> pitch thrown by the coach is a strike (either called or swung at), the batter will be out.

Therefore, a maximum of 3 pitches and a minimum of 1 pitch could be made unless the batter fouls off the final pitch thus earning another final pitch.

**NOTE:** Adult pitchers are encouraged to warm up prior to the game so they can deliver a hittable pitch when placed in the game. Adult pitchers shall not warm up on the field.

**EXAMPLES:**

- 1) Two batters have walked in the top of the 3<sup>rd</sup> inning. A third batter receives ball 4 when the count was 3-1. The adult pitcher enters the game to pitch a maximum of 2 pitches to the batter. If the batter does not swing at either of the adult pitches, he is out—regardless of pitch location. If the batter swings at but misses the adult pitches, he is out. If the batter fouls off this pitch, another pitch is authorized—which the batter must put in play or foul off earning yet another pitch until the batter hits a fair ball, takes the pitch, or swings and misses.
- 2) Two batters have walked in the top of the 3<sup>rd</sup> inning. A third batter receives ball 4 when the count was 3-2. The adult pitcher enters the game to pitch a maximum of 2 pitches to the batter. If the first pitch is unhittable, as declared by the umpire, the batter may receive one more pitch. If the batter does not swing at the adult pitch, he is out, regardless of pitch location. If the batter swings at but misses the adult pitches, he is out. If the batter fouls off this pitch, another pitch is authorized—which the batter must put in play or foul off earning yet another pitch until the batter hits a fair ball, takes the pitch, or swings and misses.

#### 11.4. AA and A Levels.

For both the AA and A levels of the Minor League Division, additional modifications to National Playing Rules are made.

11.4.1. National Playing Rule 1.07, pitching distance, is modified. For both levels, the pitching distance shall be 42 feet instead of 46 feet.

11.4.2. National Playing Rule 4.17, number of players on defensive team, is modified. A fourth outfielder (**NOT AN INFIELDER**) may be used at the AA and A levels, thus allowing ten (10) defensive players on the field. This fourth outfielder shall be positioned at normal outfield depth at the start of every play. No outfielder shall move from his position in the outfield into the infield for the purpose of making defensive plays as an additional infielder. The penalty for violation of this rule is the same as for violation of playing rule **7.06, obstruction**. The violation can result in either an immediate or a delayed dead ball situation, depending upon the umpire's judgment.

11.4.3. National Playing Rule 4.19 (g) requiring protests to be resolved on the field before the next pitch or play is adopted for both AA and A levels of play. Protests affect win/loss records and those records are not maintained at these two playing levels. The game Umpire-in-Chief shall resolve the matter at dispute in any manner desired within 5 minutes of suspending play to address the matter. Upon the Umpire-

in-Chief's resolution, the game shall continue without further delay or referral to the protested situation.

11.4.4. National Playing Rules 6.05 (d), infield fly, and 8.05, illegal pitch, are deleted entirely.

## **11.5. A Level.**

Modification of the National Playing Rules detailed in LR 11.1., applies at A level. Further modification of these Playing Rules and the cited Local Rules for the A Level of the Minor League Division are as follows:

11.5.1. National Playing Rules 6.08 (a), base on balls (walks), and (b) hit batsman, 8.06, manager's visit to pitchers, and 9.04 (a) (2), counting balls and strikes, are deleted. There are no walks nor awards of first base to a batter hit with a pitch at the A level of play. In the event of a violation of National Playing Rule 8.04, delay of game, the penalty is not the calling of a ball but the deletion of one of the seven pitches to which the batter is entitled.

11.5.2. Local Rule 12.5.1. governs pitching either by machine or by a coach. Note that use of a pitching machine for scheduled games is mandatory—unless no machine is available or the machine breaks and cannot be timely repaired to permit the game to continue.

11.5.3. National Playing Rules 7.02 and 7.13 regarding advancing through base stealing are deleted. There is no base stealing at the A level of play.

11.5.4. National Playing Rule 2, definition of a "bunt" and "base on balls" (walk), are deleted. There is no bunting at the A level of play; there are no walks issued.

11.5.5. National Playing Rule 5.02 is modified to allow for stoppage of playing action. All plays at the A level involving a batted ball are stopped by an **umpire calling "TIME OUT"**. A defensive player returning the ball to the defensive pitcher does not automatically stop playing action. The defense must stop the lead runner, and once this has happened, the umpire shall call "TIME OUT", and the ball is returned to the offensive team pitcher for the next play. Managers are expected to teach their players to properly run bases. Managers are also expected not to violate the spirit of good sportsmanship at this level of play by automatically advancing following runners behind a stopped lead runner when such advancement is not typical nor based on the merits of the play.

## **11.6. Tee Ball Division.**

In addition to modification of the Playing Rules previously specified in LR 11.1, additional modification is directed for the Tee Ball Division.

11.6.1. The home team supplies the batting tee; coaches may adjust the batting tee for each batter. Score is not kept, outs are not recorded, no protests are allowed, there are no forfeits. The visiting team provides the Umpire-in-Chief.

11.6.2. Managers should adjust their batting order each inning to allow a different player to lead off.

11.6.3. There are no strike outs, bunting is not allowed; batters must take a full swing at the ball. Batters get an unlimited number of swings to hit a fair ball. For a ball to be fair, it must meet the definition of a fair ball in National Playing Rule 2 and be batted past an arc drawn from foul line to foul line 15 feet in front of the back point of home plate. A batter who throws his bat in a dangerous manner shall be warned; upon a second violation, the batter shall be restricted from batting again in the game—the following batter shall hit the ball for an unsafe batter who will run the bases per LR 3.3.1.2.

11.6.4. For safety reasons, no defensive player in fair territory shall be closer than 45 feet to the batter who is batting and all players must have baseball gloves. The catcher shall be positioned in a safe area against the backstop facing the batter by the offensive coach who prepares the ball on the tee for the batter.

11.6.5. There is no base stealing nor sliding. Runners may not leave base until the ball is hit and shall avoid contact with defensive players; runners who leave early shall be sent back one base if possible at the end of playing action. Play continues until the runners have been stopped and the ball is returned to the defensive pitcher, then the umpire calls "Time Out" so the manager/coach can reposition the ball on the tee for the next batter. If runners have advanced beyond normal advancement on the merits of the play, the umpires shall return runners to the appropriate base. On any overthrow into dead ball territory, a standard award of one base is made.

11.6.6. The half inning ends when the last batter has completed their turn at bat and any runner or the batter-runner is put out, a defensive player with the ball touches home plate, the ball becomes dead, or the umpire calls "Time Out". Prior to the half inning ending, if the defensive team completes three outs against the offensive team, all base runners on base when the 3<sup>rd</sup> out is made shall be administratively removed from the bases—to reward the defensive team for its play—and then the half inning will continue to its conclusion.

11.6.7. Offensive and defensive coaches may be on the playing field for instructional purposes as permitted by the National Playing Rules; their instruction may be limited by the Umpire-in-Chief if excessive game delays occur.

## **12. PITCHING REGULATIONS**

### **12.1. Pitch Count Regulations.**

In accordance with Regulation 6 of the National Rules, Fairfax Little League has voted to use Option 2 relating to rest requirements based on the number of pitches thrown by a pitcher during a game. Option 2 is described in Little League National Rules.

### **12.2. AAA and AA Minor League Division Pitching.**

12.3.1. In the interests of safety, only players league age eleven (11) or under at the AAA level and ten (10) or under at the AA level of the Minor League Division shall be permitted to pitch in scheduled and practice games. Allegations by any manager or League Official may be made at any time before the end of the regular season.

**NOTE:** Penalty for an allowed AAA level protest for use of an ineligible pitcher under this rule shall be forfeiture of the game.

12.2.2. At the AA level, Local Rule 11.3.3 and its following subparagraphs state procedures for use of an adult pitcher during scheduled games.

### **12.3. A Level Minor League and Tee Ball Division Pitching.**

12.3.1. At the A level, Official Playing Rule 8, The Pitcher, is modified by the following. The mandatory method of pitching to A level batters is using a properly functioning pitching machine supplied by the League. Only if a pitching machine malfunctions or is not available, shall a manager or designated adult pitch to batters at this level. Report of this occurrence shall be made by the home manager involved in the game to the Directors of Minors immediately after the game.

12.3.1.1. The manager (or his/her other adult representative) of the team at bat shall operate the pitching machine for (or in case of malfunction pitch to) his/her own team as if he/she were the pitcher for the defensive team. A player from the defensive team shall be positioned to the side or behind the pitcher's plate and within four (4) feet of the pitcher's plate to make all defensive plays. The catcher shall return all pitches to the defensive player stationed near the pitcher's plate, who will in turn give the ball to the adult pitcher to pitch. There are no walks nor base awards to a hit batsman at this level of play.

12.3.1.1.1. The adult pitcher shall not participate in any defensive play and should try to avoid obstructing the defensive team's play. If a batted ball accidentally touches the adult pitcher through no fault of the adult pitcher, the ball shall be live and remain in play. The adult pitcher may wear a normal fielder's glove for his own protection while either pitching or using the pitching machine.

NOTE the following safety Point of Emphasis while using pitching machines. The adult pitcher shall remain in the immediate vicinity of the pitching machine at all times during live ball action, subject to limited movement to avoid interference with defensive play. The purpose of this placement is to assist team managers in on-field safety of all players by helping defensive players avoid contact injuries with the pitching machine. The exact nature of this help is situation dependent, but would be analogous to any caring parent preventing a player from falling or running into the machine. Regardless of actual interference caused by this safety oriented procedure, no actions by the adult pitcher shall be the basis for penalty due to interference.

12.3.1.1.2. If a ball in play hits the pitching machine on the field of play, such contact shall be considered a touch of the ball by a fielder. Therefore, a batted ball that first hits the pitching machine is a fair ball in all cases. If a thrown ball hits the pitching machine, continue play as if the fielder had not caught the ball.

12.3.1.1.3. A batted ball in flight that first hits the pitching machine cannot be caught by a defensive player for an out—consider that the batted ball has touched the ground if it contacts the pitching machine on the fly; therefore, the defense must play on any runner by force or tag play to gain an out.

12.3.1.2. If the adult pitcher must manually pitch to the batters due to non-availability of a functioning pitching machine, the adult pitcher shall pitch from a distance of 42 feet using the set position.

**NOTE:** the requirements of playing rule 8.01 (b), legal pitching delivery, 8.03, warm-ups, and 8.04, delay of game (which reduces the total number of pitches which may be thrown) apply to the adult pitcher.

12.3.1.3. The batter shall receive a maximum of seven (7) pitches (unless the seventh and subsequent pitches are fouled). Three (3) strikes (swinging) or failure to hit the ball in seven pitches shall constitute an out. There will be no walks. Balls and strikes shall not be called. If the pitching machine malfunctions and does not deliver a pitch that the batter could hit, that pitch will not count as one of the seven maximum allowable pitches. If the adult pitcher makes an unhittable pitch, the pitch shall count as one of the maximum seven (7) pitches allowable.

12.3.2. In the Tee Ball Division, there is no live or machine pitching and all batters **shall hit the ball from the batting tee.**

## **12.4 Fall Pitching Limits**

Fall Season: **AT ALL LEVELS**, all players are limited to no more than three (3) innings pitched per scheduled game.

# **13. PRE-GAME AND GAME ADMINISTRATION**

## **13.1. Field and Grounds Maintenance.**

Under normal playing conditions, the **home team** shall prepare the field for play and the **visiting team** shall rake the field after the game is over and pick up any trash on the playing field to prepare it for the next game. **Each team** shall be responsible for cleaning out its dugout and adjacent area outside the fence and properly disposing of trash on its side of the field. The **visiting team** of the last game of the day shall remove and store all bases in the equipment shed and verify that field lights, if available, are properly shut off.

## **13.2. Dugout Assignment and Occupants; Base Coaches.**

The **home team** shall occupy the **1st base dugout**. In the Little League levels of play, no more than three (3) non-players (1 manager and 2 coaches) are permitted to occupy the dugout or bench during a game. Scorekeepers are **not** permitted to occupy the dugout or bench. At the Junior/Senior League level, scorekeepers are permitted to occupy the dugout with the manager and coaches when the games are played on a high school varsity playing field.

## **13.3. Pre-Game Plate Conference.**

13.3.1. Managers with team captains shall report to the Umpire-in-Chief at home plate 5 minutes prior to scheduled game start time. Managers shall give their lineup card to the Umpire-in-Chief to start the plate conference. This lineup card shall identify the team and its manager, list the batting order, and for the AA level of the Minor League Division and above, list the number of innings of pitcher's eligibility used in the current week and the league age of these pitchers. The batting order presented to the Umpire-in-Chief shall be the batting order to start the game and this order shall become final when handed to the Umpire-in-Chief.

13.3.2. Substitute players in the Senior League, Junior League and the Little League Majors Division **shall be reported** by the manager of the team making the substitution **to the Umpire-in-Chief** who shall announce and record the substitution and ensure that the opposing team's scorekeeper has the change.

13.3.3. Responsibility to provide game balls. Prior to the start of the game, the **home team** shall provide to the Umpire-in-Chief two (2) new game baseballs for use during the game. Should additional baseballs be required during the game, the home team shall be responsible for providing suitable baseballs for game play, either new game baseballs or practice balls in good condition. The Umpire-in-Chief shall determine the suitability of such baseballs.

#### **13.4. Punitive physical or verbal contact.**

Fairfax Little League **absolutely prohibits** punitive or abusive physical contact by anyone against any player, manager, member, or umpire of the League. The League also prohibits any player, manager, member, or umpire from using abusive verbal language toward any other player, manager, member, or umpire. Violations of this rule will be reported to the Board of Directors through the League Committee and **referred to civil authorities**, if necessary, for action.

#### **13.5. Forfeitures.**

13.5.1. Less than nine (9) rostered players at the **start** of the game.

13.5.1.1. In the **Spring Season** at all playing levels except 'A', Tee Ball, and Challenger Divisions, a team which cannot field nine (9) players to start a scheduled game **shall forfeit** the game unless there are extraordinary circumstances. The teams, however, **shall play** the game as a practice game for the enjoyment of the players. At the Senior League, Junior League, and all levels of the Little League Minor League Division, a team which cannot field nine (9) players at the start of a scheduled game shall be permitted to borrow an eligible player(s) without penalty from another organized team to enable the team to reach a game strength of 9 players. If more than 9 players including borrowed players are present for a game, borrowed players shall be "substitutes" and play only the league prescribed minimum playing times.

#### **NOTE:**

a. Borrowed players shall play in the outfield and shall be placed at the end of the batting order behind all regular team members. If more than three (3) players are borrowed, a borrowed player may play in the infield, but under no circumstances shall any borrowed player occupy the position of pitcher or catcher.

b. A player may fill the role of a borrowed player only once per week.

c. At the Little League Majors Division borrowing players is not permitted.

d. In the Challenger and Tee Ball Divisions, teams will not borrow players but will play their games with the players who show up for the game.

13.5.1.2. In the **Fall Season**, teams at **all levels** may borrow players to enable the team to reach a game strength of 9 players. If more than 9 players including borrowed players are present for a game, borrowed players shall be substitutes and play only the league prescribed minimum playing times.

**NOTE 1:** Notes a. and b. of LR 13.5.1.1. above, also apply to borrowing players in the fall season.

**NOTE 2:** If a team does not have 9 players to start the game, the undermanned team shall forfeit the game. The teams shall, however, play the game as a practice game under League rules for the enjoyment of the players.

13.5.2. Less than nine(9) rostered players to **complete** the game. **EXCEPTION:** does not apply to 'A' level, Tee Ball, and Challenger Divisions.

13.5.2.1. If during a scheduled game a team can no longer field nine(9) authorized players, the team may complete the game with eight (8) players. Each time the vacant position comes up in the batting order, an out shall be called.

13.5.2.2. If the team cannot field eight (8) players to complete the game, the game **shall be forfeited, but completed** as a practice game.

13.5.3. If a manager believes that there were extraordinary circumstances which prevented him from fielding a team, he should notify the President of the League in writing within 48 hours. If the League Committee agrees, the League Player Agent shall reschedule the game to be played for record purposes.

13.5.4. For the purpose of this Local Rule, a team has fifteen (15) minutes beyond the scheduled starting time to field the required number of players.

### **13.6. Participation Restriction due to Discipline Problems.**

With the approval of the League Player Agent, a Manager may require a registered player to sit out a game for disciplinary problems. A player so disciplined shall be listed as such on the lineup card given to the Umpire-in-Chief at the plate conference and shall be ineligible for that game.

## 13.7. Encouraging Sportsmanship.

13.7.1. Managers, coaches and players **shall** make every effort to urge participants, parents and other spectators to demonstrate good sportsmanship and respect the decision of umpires.

13.7.2. This rule provides procedures to be followed in enforcing National Playing Rule 9.01(f). Upon ordering teams to their dugouts, the Umpire-in-Chief shall call the managers to home plate and direct them to contact the Field Marshall to assist in adequately handling unruly spectators; in the absence of a Field Marshall, the managers shall attempt to adequately handle unruly spectators on their half of the spectator area. If the unruly spectators do not follow the instructions of the Field Marshall or Manager, the Umpire-in-Chief shall suspend the game.

13.7.2.1. Upon suspension of the game, the Umpire-in-Chief shall notify the **Chief Umpire** of the specifics of the situation; the Chief Umpire shall notify the League Committee.

13.7.2.2. The League Committee shall take action as appropriate and inform the Board of Directors if necessary. This action may include forfeiture of the suspended game by the offending team and restriction of players, managers, coaches, members, spectators, or guests from the playing field complexes of the Fairfax Little League.

## 13.8. Game Speed up Rules.

This local rule supplements National Playing Rules 6.02., 8.02 (b), 8.03., and 8.04. At all levels, scheduled games shall be played without unnecessary delay.

13.8.1. Unnecessary delay by a pitcher is defined as not delivering the next pitch to the batter or making a throw to a teammate in an attempt to retire a runner within 20 seconds of receiving the ball from the catcher.

13.8.2. Unnecessary delay by a catcher is defined as not returning the ball to the pitcher or making a throw to a teammate in an attempt to retire a runner within 5 seconds of catching the pitch from the pitcher or securing the ball if not caught.

13.8.3. Unnecessary delay by a batter is defined as any action by the batter to step out of the batter's box after every or nearly every pitch to take practice swings, or get a sign, or adjust their equipment.

13.8.4. Whether or not a player's conduct is an unnecessary delay is a **judgment call** of the Umpire-in-Chief. Umpires shall be proactive in directing players to play without

delay so as to avoid a penalty. Nothing in this rule shall prohibit a manager or coach from giving signs to any player; however, the players are expected to be coached to avoid unnecessary delay so more game scheduled time is actual live ball playing time and that the forfeiture penalty of National Playing Rule 4.15 (6) for a team intentionally delaying the game is rarely considered and enforced only in response to overt, deliberate actions.

**PENALTY:** Unnecessary delay is normally caused or influenced by adult managers or coaches. In addition to the specified penalty of called ball or strike of Playing Rule 6.02 or 8.04, an additional penalty for unnecessary delay shall therefore be enforced against the team manager, or specific individual in charge of the team at the moment of penalty as follows:

1<sup>st</sup> violation in a game: Team warning given to the manager.

2<sup>nd</sup> violation in a game: Restriction of the manager to the bench in the dugout for the remainder of the game.

3<sup>rd</sup> violation in a game: Ejection of the manager.

Additional violations in a game: Forfeiture of the game in accordance with Playing Rule 4.15 (5) and (6).

13.8.5. Teams are expected to change out sides at the end of a half inning in no more than 1 minute. As there is no courtesy runner for the catcher permitted, managers are encouraged to have a contingency plan for pitcher warm-ups until the catcher can report to home plate.

**NOTE:** Playing Rule 3.09, the warm-up contingency plan shall not involve an adult warming up a pitcher.

### **13.9. Umpire Judgment is Final.**

Playing Rule 9.02 (a) specifies the judgment decision of an umpire is final. Players, coaches, and managers are prohibited from objecting to judgment decisions. **NOTE:** Managers may appeal any umpire's decision as being conflict with the rules, but judgment decisions cannot be appealed.

## **14. PROTESTS**

Protests shall be made and adjudicated in accordance with Little League Baseball, Inc., rule 4.19 and this Local Rule. Protests are not authorized at the AA and A levels of the Minor League, Tee Ball or Challenger Divisions.

## 14.1. Protest Procedures.

14.1.1. The protesting manager **must timely submit** the protest verbally to the umpire involved **on the playing field**. After consultation, the protested decision may or may not be reversed. If the protesting manager still wants to protest, the Umpire-in-Chief shall announce that the game is being played under protest and resume play **immediately** with the decision standing.

At the conclusion of the game, the Umpire-in-Chief shall sign the official scorebook, and **contact** the Chief Umpire within 24 hours, either by phone or email, to inform him of the protest being filed.

14.1.2. The protesting manager **shall submit the protest in writing** to the Chief Umpire of Fairfax Little League, Inc.:

a. **mail**, postmarked no later than the next day after the game when mail is delivered; or

b. **email**, transmission dated no later than the next day after the game; or

c. **deliver by hand** within 24 hours of the scheduled start time of the game.

**Address, phone, and email information can be obtained by consulting the Board of Directors list for the Chief Umpire.**

14.1.3. Protests not submitted in a timely manner to the umpire on the field nor timely filed with the Chief Umpire as specified herein **shall be disallowed**.

## 14.2. Adjudication of Protests.

14.2.1. Within five (5) days of receipt, the Chief Umpire shall research the Official and Local regulations and rules involved with each protest. If the Chief Umpire determines the protest has merit, he shall request the Protest Committee of Fairfax Little Leagues, Inc., be convened to evaluate the protest and reach a decision. National Playing Rule 4.19 (f), composition of the protest committee is changed to recognize the Protest Committee of Fairfax Little Leagues, Inc. shall consist of the Chief Umpire, the Assistant Chief Umpire, and the League Secretary.

14.2.2. If the Chief Umpire finds the protest to be without merit, he shall inform the members of the Protest Committee for concurrence and subsequently, the League President(s) of the teams involved. The League President(s) shall inform the protesting manager of the declination of the protest.

14.2.3. The Protest Committee shall contact and request, as a minimum, statements (written or oral) from the following individuals:

- a. both managers;
- b. the umpire who made the protested ruling; and
- c. the game Umpire-in-Chief.

The protest committee shall make every effort to resolve the protest and notify both managers concerned of the decision on the protest within seven (7) days of the protested game.
