1. PLAYER PARTICIPATION

1.1. Practice Limitations.

Prior to opening day of the regular season, each team in Fairfax Little League is limited to four (4) days per week (a week being defined as Sunday to Saturday) in which it may conduct practice or play a scrimmage game, of which only two (2) of these days may be school days. When the regular season of games begins, teams may schedule a **maximum of four (4) days with practice or a game during any 7-day period**, of which only three (3) of these days may be school days. For the purposes of this rule only, the following definitions shall apply:

- A team is a manager and/or coach(s), and five (5) or more players listed on the team roster.
- A school day is any day of the week (Monday through Thursday only) when the Fairfax County Public Schools are in session. Spring Break days are not considered as school days.
- Practices/scrimmage games shall be held only on fields covered by Fairfax Little League's liability insurance policy. No play shall be conducted on league fields until the Director of Fields and Grounds and the Director of Safety certify the fields ready for use.

The penalties for violation of Local Rule 7.1. are as follows:

1st Offense : The manager shall receive a written warning.

2nd Offense : The manager shall be suspended for the next two scheduled games.

3rd Offense : The manager shall be suspended for the remainder of the season.

- Local Rule 1.1. does not apply to any Tournament Team at any level.

1.2. Game Participation

1.2.1 Senior/Junior League Player Participation.

- Spring season:
 - All players reporting for a Senior League or a Junior League game shall, in addition to all rules presently governing player participation, play at least

three (3) complete innings of each seven (7) innings available and be entered into the game no later than the top of the fourth (4th) inning.

- Fall season:
 - All players reporting for a Senior League or a Junior League game shall be in a continuous batting order for the entire game. There are no substitutes; therefore, National Playing Rule 7.14 does not apply. All players shall play a defensive position at least every other inning of each game.

1.2.2. Majors Division Player Participation.

- Spring season:
 - All players reporting for a game shall, in addition to all rules presently governing participation, play at least three (3) complete innings **defensively** of each six (6) innings available.
- Fall Season:
 - The same participation rules defined for the Spring season apply.
- Fairfax Little League has adopted the policy of a **continuous batting order** that will include all players on the team roster present for the game batting in order as defined in National Rule 4.04.

1.2.3. Minor League Division Player Participation.

- Spring season:
 - All players reporting for a game shall, in addition to all rules presently governing participation, play at least three (3) complete innings **defensively** of each six (6) innings available.
 - All players reporting for a game shall play **at least every other inning** in a defensive position.
 - Unless due to safety concerns, managers **shall** rotate their players between infield and outfield positions giving every player the opportunity to play an infield position for at least two full defensive innings in each game. This rotation requirement applies to all players.
 - **NOTE 1:** Players who do not get the required number of infield innings in a game shall start the next game in an infield position until all playing requirements for both games have been fulfilled. If teams cannot fulfill this infield playing requirement due to not completing at

least four defensive half innings in a game, team managers shall inform the League Director of Minors for decision on how to schedule playing time to provide the most equitable opportunity to all players. Decisions made by the League Director of Minors are final.

- **NOTE 2:** Managers shall notify the League Director of Minors of safety concerns that, in their view, disqualifies a player from playing either an infield or an outfield position. The League Committee shall review the stated concerns and uphold the concern or direct additional skill development training to attempt to overcome the concern and enable the player to play infield and outfield positions.

- Fall Season:

- The same participation rules defined for the Spring season apply.

1.2.4. Tee Ball Division Player Participation.

- All players shall play the entire game on offense and defense. Additionally, managers **shall** rotate their players between infield and outfield positions giving every player the opportunity to play an infield and an outfield position in each game.
 - **NOTE:** Managers shall notify the Director of Tee Ball of safety concerns which, in their view, disqualifies a player from playing either an infield or an outfield position. The Director of Tee Ball shall review the stated concerns and uphold the concern or direct additional skill development training to attempt to overcome the concern and enable the player to play infield and outfield positions.

1.3. Enforcement of Player Participation Rules.

Alleged violations of player participation rules shall be reported to the League Player Agent. Please see the Local By-Laws and Regulations document for procedures.

2. PRE-GAME AND GAME ADMINISTRATION

2.1. Batting Cages.

The batting cages at each game field shall be reserved for one hour prior to the start of any scheduled game for use by the two teams participating in that game.

Batting cages may be used while scheduled games are in progress **only as follows:**

- Chilcott Stadium: **NO USE**
- Thaiss park (Pickett): batting cages, but not hitting stations, may be used during scheduled games by teams scheduled to next play on any field at Thaiss park based on the following priorities:
 - 1. Teams scheduled to play on Fields #1 and #5 (equal priority – 1 cage per field).
 - 2. Teams scheduled to play on Fields #2 and #3.
 - 3. Teams scheduled to play on Field #4.
- Burke field: batting cages may be used during scheduled games by the teams scheduled for the next game on Burke field.
- Providence: no restrictions on use of batting cages.
- Robinson High School: no restrictions on use of Varsity cages; the JV field cages shall not be used while a game is being played on the JV field.

League Presidents may further restrict the use of batting cages during games as necessary.

2.2. Batting Practice.

- In the interests of safety, **pitched** batting practice on playing fields is **NOT** permitted in pre-game activities. When teams hold scheduled practices on playing fields, no batting practice shall be conducted against any backstop or fence on any Fairfax Little League field at any time. Short toss, or soft toss, will only be allowed against any fence at any Fairfax Little League field if wiffle balls, or a similar type plastic ball is used.
- Pickett #5 ONLY – No electronic pitching machines shall be used for batting practice on the field.

2.3. Field and Grounds Maintenance.

Under normal playing conditions:

- **The Home team** shall prepare the field for play.

- **The Visiting team** shall rake the field after the game is over and pick up any trash on the playing field to prepare it for the next game. The **visiting team** of the last game of the day at each field shall remove and store all bases in the equipment shed and verify that field lights, if available, are properly shut off.
- **Both teams** shall be responsible for cleaning out its dugout and adjacent area outside the fence and properly disposing of trash on its side of the field.

2.4. Pre-game Time Limits.

All games shall begin as close as possible to their scheduled time. In all situations, pre-game practice activities on the game field shall be completed by 5 minutes before the scheduled game start time so that the umpires can conduct the plate conference with the managers and, if any, team captains.

The following limits shall be applicable to pre-game activity if the scheduled starting time of the game will not be affected:

2.4.1. Normal situation:

- 35 minutes prior to the scheduled start of the game, the visiting team may have the field for 15 minutes of infield practice.
- 20 minutes prior to the scheduled start of the game, the home team may have the field for 15 minutes of infield practice.

2.4.2. Reduced warm-up time:

- If only a total of 15 to 35 minutes are available for pre-game activities, the participating teams shall split the available time equally, with the visiting team taking the field first.

2.4.3. No warm-up time on the infield is available:

- In the event that fewer than 15 minutes are available for pre-game activities based on the scheduled game start time, pre-game warm-ups on the game field are limited to the outfield area and no infield practice shall be taken.

2.5. Dugout Assignment and Occupants; Base Coaches.

The **home team** shall occupy the **1st base dugout**. Scorekeepers are **not** permitted to occupy the dugout or bench. At the Junior/Senior League level, scorekeepers are permitted to occupy the dugout with the manager and coaches when the games are played on a high school varsity playing field.

2.6. Pre-Game Plate Conference.

- Managers with team captains shall report to the Umpire-in-Chief at home plate 5 minutes prior to scheduled game start time.
- The **home team** shall provide to the Umpire-in-Chief three (3) new game baseballs for use during the game. Should additional baseballs be required during the game, the home team shall be responsible for providing suitable baseballs for game play. The Umpire-in-Chief shall determine the suitability of such baseballs.

3. MODIFICATIONS TO GAME PLAYING RULES.

3.1. Majors Game Rules Modifications.

3.1.1. Continuous Batting Order.

- Fairfax Little League has adopted the policy of a **continuous batting order** that will include all players on the team roster present for the game batting in order as defined in National Rule 4.04.

3.2. AAA Level .

3.2.1. Advancement of Bases.

Modifications of National Playing Rule 7.13 concerning runners advancing via base stealing.

The rule is modified as follows:

- The base runner's opportunity to advance through stealing bases is limited to a maximum of **one base per play; any base, including home may be stolen.** This restriction does not apply for runners advancing on a hit ball.
 - **NOTE 1:** For the purposes of this rule, the definition of a "play" is the action which takes place on the field from the time of a pitch by the pitcher until the time of the next pitch.
 - **NOTE 2:** A batter who is awarded a base on balls (walk) may attempt to steal second base immediately after he has touched first base. This stealing action by the batter runner occurs during the same play in which he was awarded first base.

3.3. AA Level.

3.3.1. Advancement of Bases.

Modifications of National Playing Rule 7.13 concerning runners advancing via base stealing.

The rule is modified as follows:

- The base runner's opportunity to advance through stealing bases is limited to a maximum of **one base per play; any base, except home may be stolen. A runner may NOT initiate a steal of home.** This restriction does not apply for runners advancing on a hit ball.
 - **NOTE 1:** For the purposes of this rule, the definition of a "play" is the action which takes place on the field from the time of a pitch by the pitcher until the time of the next pitch.
 - **NOTE 2:** A batter who is awarded a base on balls (walk) **MAY NOT** attempt to steal second base on the same play in which he was awarded first base. A batter who "walks" can only achieve first base on the play.
 - **NOTE 3:** When the adult pitcher is in the game per Local Rule 3.3.2, no base stealing is permitted.

3.3.2. Use of Adult Pitcher

National Playing Rule 6.08 (a) is modified to provide a better opportunity for batters to hit a pitch. This special pitching rule only becomes effective in any half inning after the defensive team's pitcher(s) have walked two batters. This rule temporarily substitutes an adult pitcher from the offensive team for the player pitcher who remains in the game playing the defensive position of pitcher.

- Once two walks have occurred in a half inning, if another batter receives ball four (4) in the same half inning, that batter, and all such succeeding batters who receive ball four (4) in the half inning, shall remain in the batter's box. Time shall be called and the offensive team shall provide an adult pitcher to pitch to the batter until his/her time at bat is completed. Then the adult pitcher will return to his dugout and the player pitcher resumes the full role of pitcher for the next batter.
- The adult pitcher shall wear a glove for self-protection and pitch using the set position from the pitching plate on the mound. Illegal pitches shall not be called. The adult pitcher shall not participate in defensive plays but is authorized to protect himself from a batted ball hit back to the mound.

- If the adult pitcher is an adult base coach positioned in a coaching box on the field, he is not required to be replaced in the box while performing as an adult pitcher and may not return to the coaches box during any play in which he pitched.
- The number of pitches thrown to the batter by the adult pitcher will vary depending on the ball/strike count when the 4th ball was originally received. **The number of pitches shall equal the remaining strikes available to the batter at the time of receiving the 4th ball.**
 - **EXCEPTION:** If a batter receives ball 4 when the count was 3-2, that batter shall have a **MAXIMUM** of 2 pitches to hit should the 1st pitch thrown by the coach be declared by the umpire to be unhittable. If the 1st pitch thrown by the coach is a strike (either called or swung at), the batter will be out.
 - Therefore, a maximum of 3 pitches and a minimum of 1 pitch could be made unless the batter fouls off the final pitch thus earning another pitch.
- **NOTE:** Adult pitchers are encouraged to warm up prior to the game so they can deliver a hittable pitch when placed in the game. **Adult pitchers shall not warm up on the field.**

EXAMPLES:

- 1) Two batters have walked in the top of the 3rd inning. A third batter receives ball 4 when the count was 3-1. The adult pitcher enters the game to pitch a maximum of 2 pitches to the batter. If the batter does not swing at either of the adult pitches, he is out-regardless of pitch location. If the batter swings at but misses the adult pitches, he is out. If the batter fouls off this pitch, another pitch is authorized—which the batter must put in play or foul off earning yet another pitch until the batter hits a fair ball, takes the pitch, or swings and misses.
- 2) Two batters have walked in the top of the 3rd inning. A third batter receives ball 4 when the count was 3-2. The adult pitcher enters the game to pitch a maximum of 2 pitches to the batter. If the first pitch is unhittable, as declared by the umpire, the batter may receive one more pitch. If the batter does not swing at the adult pitch, he is out, regardless of pitch location. If the batter swings at but misses the adult pitches, he is out. If the batter fouls off this pitch, another pitch is authorized—which the batter must put in play or foul off earning yet another pitch until the batter hits a fair ball, takes the pitch, or swings and misses.

3.3.3. Pitching Distance

- The distance from home plate to the pitcher's plate is modified to be 42 feet instead of 46 feet (National Playing Rule 1.07).

3.3.4. Number of Defensive Players.

- National Playing Rule 4.17 is modified to allow a fourth outfielder (NOT AN INFIELDER), thus allowing ten (10) defensive players on the field. This fourth outfielder shall be positioned at normal outfield depth at the start of every play. No outfielder shall move from his position in the outfield into the infield for the purpose of making defensive plays as an additional infielder. The penalty for violation of this rule is the same as for violation of playing rule 7.06, obstruction.

3.3.5. Deleted National Playing Rules.

The following National Playing Rules are deleted for this level of play:

- 6.05 (d), infield fly.
- 8.05, illegal pitch.

3.4. 'A' Level.

3.4.1. Advancement of Bases.

Modifications of National Playing Rule 7.13 concerning runners advancing via base stealing.

- There is no base stealing at the 'A' level of play.

3.4.2. Pitching Machines.

- Use of a pitching machine for scheduled games is mandatory—unless no machine is available or the machine breaks and cannot be timely repaired to permit the game to continue. The pitching machines are to be placed 42 feet from the back point of home plate.

3.4.2. Stoppage of Playing Action.

National Playing Rule 5.02 is modified to allow for stoppage of playing action.

- All plays at the A level involving a batted ball are stopped by an **umpire calling “TIME OUT”**. A defensive player returning the ball to the defensive pitcher does not automatically stop playing action. The defense must stop the lead runner, and once this has happened, the umpire shall call “TIME OUT”, and the ball is returned to the offensive team’s pitcher for the next play. Managers are expected to teach their players to properly run bases. Managers are also expected not to violate the spirit of good sportsmanship at this level of play by automatically advancing following runners behind a stopped lead runner when such advancement is not typical nor based on the merits of the play.

3.4.3. Number of Defensive Players.

- National Playing Rule 4.17 is modified to allow a fourth outfielder (NOT AN INFIELDER), thus allowing ten (10) defensive players on the field. This fourth outfielder shall be positioned at normal outfield depth at the start of every play. No outfielder shall move from his position in the outfield into the infield for the purpose of making defensive plays as an additional infielder. The penalty for violation of this rule is the same as for violation of playing rule 7.06, obstruction.

3.4.4. Deleted National Playing Rules.

The following National Playing Rules are deleted for this level of play:

- National Playing Rule 2 (Definitions) – Bunt (No bunting is allowed)
- 6.08(a) – Base on Balls (No walks are issued)
- 6.08(b) – Hit Batter (No award of 1st base for a batter hit by a pitch).
- 9.04(a) – Counting Balls and Strikes

3.5. Tee Ball Division.

3.5.1 Modified Playing Rules.

All modifications defined in AA Local Playing Rules (3.4) are in effect for T-Ball.

Additionally, the following modifications of the National Playing Rules are in effect.

- The home team supplies the batting tee.
- Score is not kept, outs are not recorded, no protests are allowed, there are no forfeits.
- The visiting team provides the Umpire-in-Chief.

- Managers should adjust their batting order each inning to allow a different player to lead off.
- No strike outs. Bunting is not allowed. Batters must take a full swing at the ball. Batters get an unlimited number of swings to hit a fair ball. For a ball to be fair, it must meet the definition of a fair ball in National Playing Rule 2 and be batted past an arc drawn from foul line to foul line 15 feet in front of the back point of home plate.
- For safety reasons, no defensive player in fair territory shall be closer than 45 feet to the batter, and all players must have baseball gloves. The catcher shall be positioned in a safe area against the backstop facing the batter.
- No base stealing or sliding. Runners may not leave base until the ball is hit and shall avoid contact with defensive players. Runners who leave early shall be sent back one base if possible at the end of playing action. Play continues until the runners have been stopped and the ball is returned to the defensive pitcher, at which time the umpire will call “Time Out”. Play resumes when the manager/coach repositions the ball on the tee for the next batter. If runners have advanced beyond normal advancement on the merits of the play, the umpires shall return runners to the appropriate base. On any overthrow into dead ball territory, a standard award of one base is made.
- The half inning ends when the last batter has completed their turn at bat and any runner or the batter-runner is put out, a defensive player with the ball touches home plate, the ball becomes dead, or the umpire calls “Time Out”. Prior to the half inning ending, if the defensive team completes three outs against the offensive team, all base runners on base when the 3rd out is made shall be administratively removed from the bases—to reward the defensive team for its play—and then the half inning will continue to its conclusion.
- Offensive and defensive coaches may be on the playing field for instructional purposes as permitted by the National Playing Rules. Their instruction may be limited by the Umpire-in-Chief if excessive game delays occur.

4. PITCHING REGULATIONS

4.1. Senior/Junior League, Majors, AAA Pitching Modifications

- Fall season
 - All players are limited to no more than three (3) innings pitched per scheduled game.

4.2. AA Pitching Modifications.

- In the interest of safety, only players league age ten (10), or younger, shall be allowed to pitch in scheduled and practice games.
- Fall season
 - All players are limited to no more than three (3) innings pitched per scheduled game.
- Local Rule 3.3.2 defines the use of an adult pitcher during scheduled games.

4.3. 'A' Level Pitching Modifications.

4.3.1 Pitching Machine.

National Playing Rule 8, The Pitcher, is modified by the following:

- A properly functioning pitching machine supplied by the League shall be the method of pitching to 'A' level batters. Only if a pitching machine malfunctions, or is not available, shall a manager or designated adult pitch to batters at this level.
- The manager (or his/her other adult representative) of the team at bat shall operate the pitching machine for his/her own team. A player from the defensive team shall be positioned to the side, or behind, the pitcher's plate and within four (4) feet of the pitcher's plate to make all defensive plays. The catcher shall return all pitches to the defensive player stationed near the pitcher's plate, who will in turn give the ball to the adult pitcher to pitch.
- The adult pitcher shall not participate in any defensive play and should try to avoid obstructing the defensive team's play. If a batted ball accidentally touches the adult pitcher through no fault of his own, the ball shall be live and remain in play.
- The adult pitcher may wear a normal fielder's glove for his own protection while either pitching or using the pitching machine.
- If a ball in play hits the pitching machine, such contact shall be considered a touch of the ball by a fielder. Therefore, a batted ball that first hits the pitching machine is a fair ball in all cases. If a thrown ball hits the pitching machine, continue play as if the fielder had not caught the ball.
- A batted ball in flight that first hits the pitching machine cannot be caught by a defensive player for an out.

- If the adult pitcher must manually pitch to the batters due to non-availability of a functioning pitching machine, the adult pitcher shall pitch from a distance of 42 feet using the set position.

4.3.1 Pitch Counts.

- The batter shall receive a maximum of seven (7) pitches (unless the seventh and subsequent pitches are fouled).
 - Three (3) strikes (swinging) or failure to hit the ball in seven pitches shall constitute an out. Balls and strikes shall not be called. No walks shall be issued. If the pitching machine malfunctions and does not deliver a pitch that the batter could hit, that pitch will not count as one of the seven maximum allowable pitches. If the adult pitcher makes an unhittable pitch, the pitch shall count as one of the maximum seven (7) pitches allowable.

4.4. T-Ball Level Pitching Modifications.

- No live pitching or machine pitching shall be used.
- All batters **shall hit the ball from the batting tee.**

5. TIME LIMITS, DELAYS, POSTPONEMENT, REGULATION GAMES

5.1. Game Time Limits.

5.1.1. Senior/Junior League Game Time Limits.

- Monday - Thursday nights (school nights):
 - No inning shall start later than two hours (2:00) after the game's **scheduled** start time.
 - The game will terminate at two hours fifteen minutes (2:15) after the game's **scheduled** start time.
- Friday - Sunday (weekend games):
 - No inning shall start later than two hours fifteen minutes (2:15) after the game's **scheduled** start time.
 - The game will terminate at two hours forty five minutes (2:45) after the game's **scheduled** start time.

5.1.2. Majors Game Time Limits.

- For the Fall season only, no new inning shall start later than two hours after the game's **scheduled** start time. Once started, an inning shall be played to its completion.

5.1.3. AAA and AA Game Time Limits.

- No new inning shall start later than one hour and fifty minutes (1:50) after the **scheduled** game start time. Once started, an inning shall be played to its completion, subject to Local Rules 5.2 and 5.3, which take precedence.

5.1.4. 'A' Game Time Limits.

- No new inning shall start later than one hour and thirty minutes (1:30) after the **scheduled** game start time. Play shall **cease** after one hour and fifty minutes (1:50) after the **scheduled** game start time. Once started, an inning shall be played to its completion, subject to Local Rules 5.2 and 5.3, which take precedence.

5.1.5. Tee Ball Division Game Time Limits.

- No new inning shall start later than one hour and 15 minutes (1:15) after the game's **scheduled** start time. The game terminates after four (4) complete innings or completion of the last legally started inning.

5.2. Evening Game Time Limits (Sunset Rules).

- Unless the field is equipped with artificial lights, no inning shall start after the day's official sunset time listed in **Appendix A**. On fields equipped with artificial lights, inning start time is regulated by league time limits (Local Rule 5.1), or Local Rule 5.3, whichever comes first.
- Unless the field is equipped with artificial lights, all games shall **CEASE PLAY** no later than the official game ending times listed in **Appendix B**, regardless of the current situation of the game. On fields equipped with artificial lights, play shall continue until the game is completed or terminated due to a league time limit (Local Rule 5.1), or Local Rule 5.3, whichever comes first.

5.3. Games Played on Fields Equipped with Artificial Lights.

5.3.1. Senior/Junior League.

- No inning shall start after 10:30 P.M. and play shall cease at 10:50 P.M., unless superseded by Local Rule 5.1.1.

5.3.2. Pickett Road Complex (Thaiss Park).

- Play **shall cease** no later than 9:20 P.M. and lights **shall be turned off** no later than 9:30 P.M., unless superseded by Local Rule 5.1.

5.3.3. Fields other than Thaiss Park.

- Sunday through Friday – no inning shall start after 9:30 P.M. and play shall cease at 10:00 P.M., unless superseded by Local Rule 5.1.
- Saturday – no inning shall start after 10:00 P.M.; play shall cease at 10:30 P.M. , unless superseded by Local Rule 5.1.

5.3.4 Failure of Artificial Lights.

- In the event of failure of the artificial lights to turn on or continue to operate, game time limits specified in Local Rules 5.1 and 5.2 shall apply.

5.4. Delayed Games.

- On fields scheduled for multiple games on a specific day, any game delayed beyond thirty (**30**) minutes of the scheduled starting time due to inclement weather or field conditions **shall be postponed** and rescheduled on another date. The remainder of the games scheduled for that date shall be played according to schedule. The last game scheduled on any day may be started up to one (1) **hour** later than the scheduled starting time with the concurrence of both managers, provided sufficient time is available to play a regulation game.

5.5. Postponed Games.

- In the event of game postponement, the **home team manager** shall notify the person responsible for the rescheduling of games within each League.
- If an interleague game is postponed, the **home team manager** is responsible for notifying the person responsible for the rescheduling of the game.
- Rescheduling should not require a team to play a game on three consecutive days unless under extreme circumstances, as determined by the League President.

- Managers shall not deviate from the official published schedule of games. All rescheduling of games shall be done by the person responsible for the rescheduling of games within each League (usually the League Player Agent). Any game played at a time, or on a field, not scheduled with prior approval by the League Player Agent or the person responsible for the rescheduling of games within each League shall not be considered an official game and shall be replayed.

5.6. Unsafe Playing Conditions (Lightning, Thunder, etc.).

5.6.1. Thunder / Lightning

- It is the responsibility of the Umpire-in-Chief to determine when a game in progress should be suspended due to unsafe playing conditions, such as: **slippery footing, insufficient light, lightning, thunder**, or other hazardous conditions. When a game has been suspended because of thunder or lightning, the game shall not be resumed until at least **30 minutes** have passed without thunder or lightning being observed in the vicinity of the game field.

5.6.2. Unintentional Bat Throwing/Unsafe Follow Through

- When a batter unintentionally throws a bat, or fails to control their follow through and that action is judged unsafe by an umpire, the player shall receive a warning.
- In the event of a second unsafe act by that same player in the same game, the following penalties shall be enforced
 - **Tee Ball:** At the player's next turn to bat, the batter next listed on the batting order shall hit the ball for the unsafe batter, the unsafe batter shall run the bases and shall remain eligible to play in a defensive position.
 - **'A' level:** The player shall be removed from the batting order for the remainder of the game, but shall remain in the game defensively and complete all defensive player participation requirements.
 - **All other playing levels:** The player shall be immediately disqualified from playing in the remainder of the game and administratively restricted to the dugout until the game is completed. This dugout restriction is not an ejection and does not include the automatic suspension penalty for the next game. If substitution rules apply, an eligible substitute shall enter the game for the unsafe batter.

5.6. Regulation Game.

- If the Local Rule game time limits are reached before the requirements of Playing Rules 4.10 (a) and (c) are met, the game is a **Regulation Game**.
