FHF – 2016 Spring League

RE: U18 Boys division – Exception to allow girls play.

As the [Director of Competitions](#), I approve only the following girls be allowed to play in the U18 boys division at this time. No other girls will be invited at this time as we see how it goes. I want to keep it this to a minimum as we want to encourage more young men to play up if they're ability allows. Any future players that need to be considered must be submitted to me, the Director of Competitions, for final approval. If approved, a formal email will be sent out to all teams, the umpire manager and the scorekeepers.

Team managers please make sure these players are added to the team rosters.
