

Raiders Softball
Web Site Posting Approval Form for
Photos and Players' Names

I/We _____, the parent(s) or guardian(s) (circle one) of _____, a player on the Raiders Softball _____ U team, hereby grant my/our permission to the said team's webmaster or assistant webmaster to post said player's image in a team photograph (12U and 14U) or an individual photograph (16U and 18U – see below).

12U and 14U only. I understand that the 12U or 14U team will have player's first name and only the initial of her last name. Under no circumstances will said player's last name ever appear on the publicly accessible portion of said team's web site.

16U and 18U only. I understand that to assist college coaches in their recruiting process, the 16U or 18U team will post players' first and last names and pertinent athletic and academic information as supplied and approved by the player and/or her parent(s). I also understand that the 16U and 18U players' individual photographs will be posted on the website to assist college coaches' player recognition. The site with the postings is password protected – available only to college coaches.

All Team Levels: I further understand that this permission form will first be submitted to the Raiders' Registrar, then the list will be approved by Lisa McGloin before the webmaster or assistant webmaster receives the approval to post those names and photos.
