

2018 HI-LO Valley Girls' Softball—General Rules Summary

RULES

1. Official ASA rules will apply unless otherwise stated in these HI-LO Valley (HLV) rules. HLV general rules will apply to all age groups. HLV rules for a particular age group will apply only in that age group.
2. Players must be officially registered with the HLV to participate in any HLV sanctioned game. A player may be registered on only one team in the HLV.
3. A player may be a substitute on a team above their rostered age division if that team is not able to compete because they are short players.
 - a) A player that has substituted up on any team and has played a total of 5 regular season games, becomes officially rostered on the most recent team for which they substituted. They cannot play with their original team for the remainder of the season.
 - b) Participation up in a HLV tournament will count as 1 game toward the substitution limit of 5 games.
 - c) If a team is in need of an additional player to fill out a roster, that player must be from the same community and that player must play on a team in a lower division. (Example: I need a player for my 12U Chillicothe team, so I could go to my either of my 10U Chillicothe teams and selects a player from one of those rosters)
4. A player may be rostered on a team below her age group under the following conditions:
 - a) The local organization determines that they should be at that age level because of their ability.
 - b) They are not more than 1 year past the limit for that age group. The HLV board may grant exceptions to this under special circumstances.
5. Players should be taught how and encouraged to slide any time there is going to be a close play on them. However, a runner is entitled to come into any base either standing or sliding and will not be called out for simply not sliding. If a runner is deemed to be maliciously running or sliding into a fielder at any time, they will be called out and ejected from the game. Umpires must use discretion when making this call, but must keep the game safe.
6. A fielder may NOT block any base unless she is in possession of the ball. The result of blocking a base without the ball is obstruction by the defensive player.
7. A player must have possession of the ball to block any base on a tag out.
8. Unlimited substitution is allowed, including the pitcher.
9. All players rostered for each game will be listed on the game roster and will bat in that order regardless of whether or not they are playing in the field.
10. No changes will be made in the starting batting order other than adding players to the bottom of the roster.
11. Any player batting out of order is automatically out. However, an injured player may be removed from the game, their turn at bat skipped without penalty, and then returned later to their original batting position.
12. There should be no heated, verbal arguments on the field under any circumstances.
13. Traveling league players may play on house league teams but may not pitch in the house league. A rostered list of travel players must be turned in to the League President at the coaches meeting
14. Travel player definition: ASA/NSA/USAAA registered and played in more than two tournaments. *Allows teams that play in-week games against ASA/NSA/USAAA teams. Allows registered players doing just a couple tournaments to get some experience.*

GAMES

15. With the exception of lighted fields, all games will start at 6:00 p.m. A team not present within 20 minutes of the scheduled game time will forfeit the game.
16. The game should end with a final, unlimited scoring inning. The inning that starts after an hour and thirty minutes of play shall be the final, unlimited scoring inning unless
 - the game has reached the max inning count for a complete game (varies by division)
 - the game has reached the HLV or local time limit
 - local darkness limit
17. No inning will start after 2 hours of play. In some cases local rules may override the HLV time limit, but only to shorten it. It is the home plate umpire's duty to note the starting time of the game.
18. In the case of a tie at the end of regulation play, play will continue with complete innings until the tie is broken or until the home plate umpire calls the game due to darkness or local time limits. Games in this case will result in a tie.
19. All schedule changes, except for weather, must be confirmed by both coaches 48 hours in advance.
20. A one minute time limit will be allowed for a team to take the field and be prepared to play ball.
