 - Sat, April 23 – midseason jamboree (Marymoor)
 - Sun, May 22 – end of season jamboree (Snohomish)

Other notes:

Background on how communication/texting feature works from our club's web site (used for late notice field closures, etc.):

- When you registered your child online, you were given the option to register up to 2 parent/guardians into our web site system. And for each person, you were given the option to enable our messaging system to send you a text message (in which case there was a pull-down menu, where you set who your cell phone provider was, so the system can do its thing).
- If you want to change your getting/not getting these text messages, please go to our web site home page at www.eagleslacrosse.org and click on the "**Edit My Account**" button. From there, you may log in and edit your settings in our system (for the text messaging setting, look to the right of your cell phone number field).
- If you have a friend or spouse who is not getting ANY of these messages, then the issue is likely 1 of 2 things:
 - The email is landing into their junk mail folder. Have them check their junk folder and mark "safe" any email from: Notification@LeagueAthletics.com
<<mailto:Notification@LeagueAthletics.com>>
 - Using the email/UserID they setup, when they registered their child, have them log into the web site system via "**Edit My Account**" as described above. And then have them check to see if the person in question is defined inside the system. If not, they can click a button to "add" that person into their account. And then they'll start getting email notices from the club and coaches.
