

Lacrosse Players and parents information about pie fundraiser:

This year we are going to have the girls sell pumpkin pies to your friends, family and neighbors and we will need your help in delivering them Wed. Nov 27. The more parents we have helping the quicker this will go because we realize the next day is Thanksgiving. We are buying the pies for \$5.99 and re-selling them for \$15.00. I know everyone can go to their local Costco and do the same thing but this is a fundraiser and you are actually giving them a fresh product they will use the next day. Our profit will be approx. \$9. So the more pies we sell the more money we make. This is a really easy fundraiser. We happen to have a holiday upon us that gives us this opportunity. Please help the girls sell. It would be great if each girl could sell at least 10 pies. More would be better but I know it gets hard sometimes. I have had kids in this program for 5 years now.

Girls:

We will be meeting at 11615 N 50th Street right after school on Wed. We are going to decorate the pies so that they look special. We will be making décor out of pie crust and possibly some other items. We want people to be happy with their purchase so we want to make it "PRETTY". After we finish this we will start delivering.

Parents:

Also meet at above location! Again the more parents that are helping I think the quicker it will go. There will be a lot the parents can help with. Re-wrapping the pies, helping the girls if need be decorate, putting the order information on the pies so that we get them all delivered, plus driving the girls around. I will have a lot of tables set up inside and out on the back patio so we can make this happen.

*I have tried to figure out how we could personally make this many pies but I just cannot- Plus storing them, because the girls would have to make them the weekend before. I do not think we can make them any cheaper with everything that is needed and giving them a large enough pie for their money. So With the girl's tender loving care at the end I think this will be a great event. The girls can put a little sweat equity into it by making and cutting out fall shapes with the pie dough and decorating the pies.

Thank you ahead of time this year for all of your help in raising money for the team so we can build it and keep it growing. Any questions feel free to call Tina at 602-570-2216. We really need your support!
