## The EDGE Sports Center Bedford / Caples Consulting Group Host DIII Field Hockey Showcase

**BEDFORD, MA – March 25, 2014 - The EDGE Sports Center at Bedford** hosted the East Coast Wizards Field Hockey Director Sue Caples of the Caples Consulting Group (CCG) for a two day Division III Field Hockey Showcase over this past weekend, where twenty-six of the best Division III coaches in the country coached an impressive group of ninety 2015 & 2016 student-athletes from across the country.

The CCG DIII Showcase provided athletes unprecedented exposure to these DIII coaches, giving the players the opportunity to enhance their over-all skill set through skill sessions, tactical sessions, and game play opportunities. There was great competition and an opportunity to meet other players from around the country. Players had the opportunity to better understand the various coaching philosophies and coaching styles of a range of coaches. In addition, there were coaches' panels for student-athletes and their families to ask questions regarding the recruiting process.

The event proved a great success, as players had the opportunity to showcase their skills in front of DIII college coaches, gain real insight into the recruiting process and meet other prospective 2015 and 2016 DIII field hockey players.
