### Coaches on-field existence

All coaches, by rule, are NOT allowed on the field at any time (with the exception of one Bantam coach OR an injury timeout). Any coach entering the field of play are subject to a verbal warning, a conduct foul, where their 'In home' will serve a 30 second technical, an un-sportsman like conduct and possible ejection, for continued on-field presence.

If the HEAD COACH wishes to ask a question of the officials, he/she may request it at the next dead ball by either sounding the horn twice OR getting the attention of the bench side official.

Remember that ALL 'comments' should phrased in the form of a question by the HEAD COACH only.
