Junior Division Conferences

It was unanimously agreed that:

1. There will be a Junior Division comprised of two conferences – East and West
2. The conferences will be initially established by coaches self-classifying their respective teams and rating them as A, B, or C using the US Lacrosse formula when necessary.
 - a. "A" teams will be placed in the Eastern Conference
 - b. "C" teams will be placed in the Western Conference
 - c. "B" teams will be distributed between the two conferences
3. The conferences will be re-aligned after week 4 based on the following performance criteria:
 - a. Goal differential
 - b. Strength of schedule
 - c. Win-loss record
4. Games for weeks one (1) through five (5) will be scheduled in advance of the start of the season.
 - a. Week 5 will not be altered by realignment
 - b. Realignment will affect weeks six (6) through ten (10)
 - i. A realigned schedule will be published to cover weeks six (6) through ten (10)
5. Each realigned conference, East and West, will play for its own Championship
 - a. Conference Tournament seeding will be based on a teams' overall record and goal differential
6. If necessary, there will be a meeting of the League Board on January 18, 2015 to reconcile any conference placement disputes and or discrepancies.

The objective of this change is to promote a more equitably competitive Junior Division.
