- Chris York asked about the ball issue in Sterling (i.e.: Sterling using different ball).
- KK talked about the new field status. Voiced frustration that P&R did not have the respect to reach out to ULYFL until 3 days before practice about limiting our practice space at Franklin Park. League is still looking for justification of what “open space” is from P&R. Sited parents should be upset that P&R is taking practice space from our kids with no real justification.
